WHEREAS, The Mayor and the members of the City Council were saddened by news of the recent death of Samuel Carson Pirie Jr.; and

WHEREAS, Mr. Pirie was the grandson of John T. Pirie, one of the founders of Carson Pirie Scott & Co., his father was chairman of the board of the loop department store bearing the family name which has been one of the landmarks and one of the bulwarks of Chicago. Mr. Pirie spent most of his life in the great merchandising institution which the family built with the exception of three years in World War II when he served in the navy as lieutenant commander. The contribution which the family made to the life of the city is incalculable; now, therefore,

Be It Resolved, That the Mayor and City Council of the City of Chicago by this Resolution spread upon the record of the Proceedings of the City Council, hereby express their sorrow on the passing of Samuel Carson Pirie Jr., and extend to the members of his bereaved family their deep sympathy.

By unanimous consent committee consideration was dispensed with, and on motion of Alderman Sheridan said proposed resolution was *Adopted,* unanimously, by a rising vote.

Tribute Paid to Late Maurice F. McElligott.

Honorable Richard J. Daley, Mayor, on behalf of himself and other members of the City Council, presented the following proposed resolution:

WHEREAS, The Mayor and the City Council of the City of Chicago learned with regret of the

death of Maurice F. McElligott on July 1, 1963; and

WHEREAS, Mr. McElligott was one of our outstanding union leaders. From active participation in private industry he became a business agent of the Amalgamated Clothing Workers of America, and served successively as secretary-treasurer of the Illinois State Industrial Union Council and as secretary-treasurer of the merged Illinois State Federation of Labor and the Illinois State Industrial Union Council. He was a member of the Mayor's Commission on Human Relations, a member of the Board of Inspectors of the House of Correction, and a member of the nominating committee for appointments to the Chicago Board of Education. In World War II he served on the Selective Service Appeals Board and gave freely of his time and talent on labor committees for the Red Cross and the Community Fund. His influence in matters of great public interest will be sorely missed; now, therefore,

Be It Resolved, That the Mayor and the City Council of the City of Chicago hereby express their regret on the passing of Maurice F. McElligott and extend to the members of his family their sincere sympathy in their loss.

By unanimous consent committee consideration was dispensed with, and on motion of Alderman Sheridan (seconded by Aldermen Bohling, Murray and Fitzpatrick) said proposed resolution was *Adopted,* unanimously, by a rising vote.

In their seconding speeches each of the three aldermen extolled not only the personal integrity of the late Mr. McElligott but paid special tribute to his loyalty and devotion to the City, which he evidenced in the generous contribution of his time and abilities to many civic activities for the betterment of Chicago.

In the event the Commission by resolution determines that the budget as adopted will not provide sufficient funds to properly maintain and operate the Public Building and provide the services contemplated by this Lease, as set forth in Exhibit "C" hereto attached and the Commission shall have prepared and adopted a proposed supplemental budget in accordance with the provisions of Section 16.1 of said Bond Resolution hereinabove referred to and certified copies have been filed with the City and the County, the City and the County after receiving such supplemental budget may elect and by proper action of their governing bodies appropriate in their annual budget to be next adopted an amount sufficient to pay their proportionate shares of such supplemental budget as additional rental under the terms of this Lease. Unless the City and the County notify the Commission and submit to such Commission proper evidence of their action to pay said additional sums, then the Commission shall reduce the extent and frequency of any of the services enumerated in Exhibit "C"

(8) Upon the execution of this Lease, the City and the County, by their respective governing bodies, shall provide by resolution or ordinance for the levy and collection of a direct annual tax sufficient to pay their respective annual rents payable under this Lease, as and when such rents become due and payable, and immediately file in the office of the County Clerk of Cook County, Illinois, a certified copy of this Lease and a certified copy of the aforesaid tax levying ordinance or resolution, which certified copies shall constitute the authority for the County Clerk of Cook County, Illinois, to extend the taxes annually necessary to pay the annual rents under this Lease as and when they become due and payable, in addition to and in excess of all other taxes to be levied by the said City and the County. The funds realized by the City and the County from such tax levies shall not be disbursed for any purpose other than the payment of the rentals reserved in this Lease.

(9) If the Commission by resolution determines that sufficient funds are not available to complete the constructing and equipping of the Public Building, or any part thereof, and that it will be necessary to issue additional Bonds pursuant to Article 12 of the Bond Resolution, and the City and the County refuse to enter into supplemental leases to increase the annual rental payments provided for herein by an amount sufficient to pay maintenance and operation expenses and amortize said additional Bonds, then the Commission shall cause such Public Building to be completed with such modifications and eliminations as may be required by such lack of funds. However, the terms and conditions of this Lease, including the annual rental payments hereunder, shall remain in full force and effect.

(10) The Commission will use its best efforts to complete the Public Building at the earliest possible date and to tender possession of the space in said Public Building leased hereby not later than July 1, 1965, but failure to deliver such possession by such date shall not relieve the City and the County of their obligations to pay the

Determination of the dates on which the City and the County may assume possession shall be within the sole judgment of the Commission and written notice of such dates shall be served on the City and the County at least sixty (60) days prior thereto. (11) Prior to the time of taking actual possession the City and the County shall have access at all reasonable times to the demised premises for the purposes of planning and installing furnishings and equipment which the City and the County may wish to install prior to taking possession.

(12) If in the judgment of the Commission, practical considerations during the period of construction of the Public Building require minor changes in said plans and specifications, the Commission may make such changes.

(13) The cost of moving into the demised premises shall be at the City's and the County's sole expense, but the actual operation of moving shall be under the direction and supervision of the Commission. The City and the County, or their respective agents, shall provide such moving equipment as the Commission may reasonably request and shall be responsible to the Commission for any damage or defacement of the Public Building caused by either the City or the County or any of its workmen during such moving. All deliveries of supplies to said City or County, equipment or the like, shall during the term of this Lease, be subject to such reasonable rules and regulations governing the same as the Commission may, in the future, promulgate.

(14) The City and the County may install in the space occupied by them in accordance with the terms of this Lease, such portable equipment, fixtures or furniture as it may desire, but shall not make any alterations or additions to the Public Building leased without the written consent of the Commission.

The City and the County shall not place a load upon any floor of the demised premises exceeding the floor load per square foot area which such floor was designed to carry. The Commission reserves the right to prescribe safe floor loading regulations with respect to the weight and position of all equipment and other objects which must be placed so as to distribute the weight.

(15) The Commission shall operate and maintain and keep in repair the Public Building and the site in accordance with the rental

terms of this Lease. Operation and maintenance shall be deemed to include, but not to the exclusion of other items not herein specified, elevator service, water, heat, air conditioning, janitor and caretaking services. Insurance premiums on building insurance as hereinafter specified, administrative expenses of the Commission, including salaries and wages of regular and extra employees, and expenses of management, shall also be deemed an operation and maintenance expense. A schedule of cleaning, janitorial and caretaking services is set forth in Exhibit "C", attached hereto and made a part hereof. Any repairs, however, necessitated by the carelessness, omission, neglect, or improper conduct of the City or the County, their servants, employees or agents, shall be made at the expense of said City or County.

The Commission shall have access, into, through and upon the demised premises for the purpose of operation, maintenance, decoration, repair and inspection provided that such access, except in case of emergency, shall be on reasonable notice and at reasonable time so as to minimize the interference with the operation of business in the demised premises.

(16) The City and the County covenant and agree that they, respectively, will not permit the use of the leased premises in any manner that will increase the rate of insurance thereon, or for any purpose which will result in a violation of State or Federal laws, rules or regulations, or resolutions or ordinances of the City of Chicago or of The County of Cook, now or hereafter in force and applicable thereto. The Commission will maintain and keep proper books of record and accounts separate from all other records and accounts, in which shall be made full and correct entries of all transactions relating to the Public Building. Section 2.1. That a Public Building be constructed by this Commission in the City of Chicago, Illinois, on the site described in the preambles hereof, in accordance with the plans and specifications of the Architect-Engineer dated 24th day of April, 1963, which plans and specifications have heretofore been approved and are now on file in the office of the Commission.

SECTION 2.2. Said Public Building shall generally consist of the following:

The Chicago Civic Center Project consists of the construction and partial furnishing of a 31-story air conditioned civil courthouse and governmental office building, a civic plaza, with two basements under the entire site, and pedestrian and service connections to the adjacent City Hall-County Building under Clark Street. The tower will be located on the north half of the site. It will be of steel frame construction and its exterior will be a special steel alloy designed to develop a permanent dark brown oxide coating, together with brown colored glass. The remaining portion of the site will be a grade level, granite surfaced plaza extending to the curb line on all four sides. The plaza will have a pool, fountains, trees, flagpoles and public benches.

The project will primarily serve the Civil Courts of Cook County. Initially 108 courtroom complexes of various types and sizes will be provided for the existing Circuit, Superior, Probate and County Courts of Cook County, the Civil functions of the Municipal Court of Chicago, and the Appellate Court of the First District of Illinois. The project will also provide approximately 210,000 Sq.Ft. for the judicial agencies (clerks of the courts and allied agencies), 125,000 Sq.Ft. for the Chicago Board of Health, 210,000 Sq.Ft. of general office space for the City, County and other governmental agencies, with auxiliary facilities included, this amounts to a total gross area of 1,465,723 Sq.Ft.

In addition to the courtrooms initially provided, the project can accommodate over 50 additional courtrooms through conversion of office space to courtroom complexes. The design has allowed sufficient mechanical capacity, ceiling heights, and column spacing so that no substantial changes will be required for such conversion. In the interim the court expansion space will be used for governmental office space.

SECTION 2.3. That the Board of Commissioners has heretofore estimated and does hereby estimate and determine that the cost of acquiring a site for and constructing and equipping said Public Building in accordance with such plans and specifications, including architectural, engineering, legal and all financing costs, to be the sum of $87,000.000.

cancellation, accompanied by a written instrument of transfer, in form satisfactory to the Trustee, as Bond Registrar, duly executed by the registered owner in person or by his duly authorized agent, and thereupon the Commission will issue, or cause to be issued, and authenticated, and deliver or cause to be delivered at the office of the Trustee in the City of Chicago (or send by registered mail to the owner thereof), in the name of the transferee or transferees, a new Registered Bond, of like form, interest rate, principal amount and maturity, dated so that there shall result no gain or loss of interest as a result of such transfer. To the extent of denominations authorized in respect of any such Bond by the terms thereof or by the terms of this Resolution one such Registered Bond may be exchanged for several such Registered Bonds of like form, interest rate and maturity, and for a like aggregate principal amount, and several such Registered Bonds may be exchanged for one or several such Registered Bonds, respectively, of like form, interest rate and maturity and for a like aggregate principal amount.

SECTION 4.4 The bearer of any Coupon Bond which at the time is not registered or is registered as to principal to bearer, and the registered owner of any Registered Bond or any Coupon Bond registered as to principal otherwise than to bearer may at any time, provided such Bond shall not have matured, surrender the same for cancellation at the principal office of the Trustee, in the City of Chicago, Illinois, as Bond Registrar, in the case of Coupon Bonds or Coupon Bonds registered as to principal with all unmatured coupons attached, and in the case of Registered Bonds, or Coupon Bonds registered as to principal, with instruments of transfer satisfactory to the Trustee and shall be entitled to receive in exchange therefor an equal aggregate principal amount of Bonds of the same interest rate and maturity, in any one or more of the forms, the issue of which has been provided for; and the Commission will issue, or cause to be issued, and authenticated, and deliver, or cause to be delivered, at the principal office of the Trustee in the City of Chicago (or send by registered mail to the owner thereof), the Bonds necessary to make such exchange.

Upon the issue of any Registered Bond, the serial number or numbers covering a Coupon Bond or Bonds of the same interest rate and maturity, and of an equal aggregate principal amount shall be reserved. The serial number or numbers so reserved shall be endorsed on such Registered Bond. All or any of the Bonds may also bear such an

endorsement or legend satisfactory to the Trustee as may be required to conform to usage or law with respect thereto.

Whenever Registered Bonds with proper instruments of transfer shall be surrendered to the Trustee for exchange for Coupon Bonds of like interst rate and maturity, the Commission will issue, or cause to be issued, and deliver, or cause to be delivered, at the principal office of the Trustee in the City of Chicago (or send by registered mail to the owner thereof) in exchange, a like principal amount of Coupon Bonds of the same interest rate and maturity, in bearer form, of the serial number or numbers so reserved upon the issue of the Registered Bond or Bonds so surrendered, bearing coupons so that no gain or loss of interest shall result from such exchange.

SECTION 4.5. In every case of an exchange of Bonds, or of a transfer of any Registered Bond, the surrendered Bonds and coupons, if any, shall be cancelled by the Trustee, and satisfactory evidence of such cancellation shall be furnished to the Treasurer. As a condition of any such exchange, or of any registration or transfer, the Commission at its option may require the payment of a sum sufficient to reimburse it for any stamp tax or other governmental charge that may be imposed thereon, and, in addition thereto in the case of exchange of Bonds or the transfer of a Registered Bond, such reasonable charge therefor to cover the expense of making such exchange or transfer. All Bonds executed, authenticated and delivered in exchange for or upon transfer of Bonds so surrendered shall be valid obligations of the Commission, evidencing the same debt as the Bonds surrendered, and shall be entitled to all the benefits and protection of this Resolution to the same extent as the Bonds in exchange for or upon transfer of which they were executed, authenticated and delivered.

Anything herein to the contrary notwithstanding, the Commission will, without any charge to the holder of any fully Registered Bond initially issued hereunder, upon written request of any such Bondholder, deliver or cause to be delivered at the principal office of the Trustee in exchange for any such fully Registered Bond, other fully Registered Bonds in any denomination provided by this Resolution, or Coupon Bonds with appropriate coupons attached of the denomination provided by this Resolution, in an equal aggregate principal amount and of the same interest rate and maturity.

SECTION 4.6. In case any Bond shall become mutilated in respect of the body of such Bond or the coupons, if any, appertaining thereto,

or shall be believed by the Commission to have been destroyed, stolen or lost, upon proof of ownership satisfactory to the Commission and upon the surrender of such mutilated Bond with its coupons, if any, at the office of the Trustee in the City of Chicago, Illinois, or upon the receipt of evidence satisfactory to the Commission and the Trustee of such destruction, theft or loss, and upon receipt also of indemnity satisfactory to the Commission and the Trustee and upon payment of all expenses incurred by the Commission and the Trustee for any investigation relating thereto and for each new Bond issued under this Section, the Commission shall cause to be authenticated by the Trustee and issued and delivered, at the office of the Trustee in the City of Chicago, Illinois, a new Bond or Bonds of the same interest rate and maturity and for the same aggregate principal amount with the unpaid coupons, if any, appertaining thereto, of like tenor and date, bearing the same issue number or numbers, with such notations as the Commission and the Trustee shall determine, in exchange or substitution for and upon cancellation of the mutilated Bond and its coupons, if any, or in lieu of and in substitution for the Bond and its coupons, if any, so lost, stolen or destroyed.

If any such destroyed, stolen or lost Bond or coupon shall have matured, payment of the amount due thereon may be made by the Trustee on receipt of like proof, indemnity and payment of expenses.

Any duplicate Bond or coupons issued pursuant to this Section shall be entitled to equal and proportionate benefits with all other Bonds issued hereunder. Neither the Commission, nor the Trustee, shall be required to treat both the original Bond and any duplicate Bond as being outstanding for the purpose of determining the principal amount of Bonds which may be issued hereunder or for the purpose of determining any percentage of Bonds outstanding hereunder, but both the original and duplicate Bond shall be treated as one and the same.

ARTICLE 5.

Bonds To Be Negotiable Instruments.

Section 5.1. All Bonds issued pursuant to this Resolution, subject to the provisions for registration and transfer herein and in the Bonds contained, shall be negotiable instruments and shall have all of the qualities and incidents of negotiable instruments under the laws of the State of Illinois. The Commission, the Trustee, the Treasurer, the

Paying Agents and any other person may treat the registered owner of a Registered Bond or the bearer of a Coupon Bond (or, if such Coupon Bond be registered as to principal, the registered owner) and the bearer of any coupon appertaining thereto as the absolute owner of the Bond or coupon for the purpose of making payment thereon and for all other purposes, and neither the Commission nor the Trustee, Paying Agents, Bond Registrar nor the Treasurer shall be bound by any notice or knowledge to the contrary. All payments of or on account of interest to any bearer of a coupon or any registered owner of a Registered Bond and of or on account of principal to the bearer of a Coupon Bond not registered as to principal, or to any registered owner of a Coupon Bond registered as to principal or to any registered owner of a Registered Bond shall be valid and effectual and shall be a discharge of the Commission, the Trustee, Paying Agents, Bond Registrar and the Treasurer in respect of the liability for interest or principal as the case may be to the extent of the sum or sums so paid.

Both principal of, and interest on, this Bond are payable in lawful money of the United States of America at the principal office of the Continental Illinois National Bank and Trust Company of Chicago, in the City of Chicago, Illinois, or at the option of the holder hereof at the principal office of the Chemical Bank New York Trust Company, in the City of New York, New York.

This Bond is one of an issue of Public Building Revenue Bonds, Series of 1963 (hereinafter called the "Bonds") of the Commission (limited in aggregate principal amount except as may be otherwise provided in the Resolution hereinafter mentioned). All of the Bonds, of which this Bond is one, are issued and to be issued pursuant to the provisions of the Public Building Commission Act of the State of Illinois approved July 5, 1955, as amended (hereinafter called the "Act") and pursuant to a Resolution adopted by the Board of Commissioners of the Public Building Commission of Chicago authorizing the issuance of the Bonds (hereinafter called the "Resolution"). A copy of the Resolution is on file at the office of the Treasurer of the Commission and at the Continental Illinois National Bank and Trust Company of Chicago (hereinafter in its several capacities called "Trustee") and reference is hereby made to the Resolution and to any and all amendments or supplements or modifications thereof adopted as therein provided and to the Act for a description of the terms on which the Bonds are issued and to be issued and additional bonds may be issued, the provisions with regard to the Maintenance and Operation Account, Sinking Fund Account, Renewal and Replacement Account and Surplus Account payments, and with regard to the nature and extent of the Revenues, and of the rights of the holders and registered owners of the Bonds and of the bearers of the appurtenant coupons. All the terms defined in the Resolution and all covenants of the Resolution shall have the same meaning herein as in the Resolution. The Resolution constitutes a contract between the Commission and the holder or registered owner from time to time of this Bond, and to all the provisions thereof the holder or registered owner hereof, by his acceptance of this Bond, consents and agrees.

The bonds maturing after January 1, 1972, are redeemable prior to their maturity at the option of the Commission as a whole on any

date on or after January 1, 1972, at the principal amount thereof, plus accrued interest to date of redemption, plus a premium of the following percentages of such principal amount if redeemed during the following periods, respectively:

Period of Redemption	Redemption Premium
January 1, 1972 to and including December 31, 1974	3%
January 1, 1975 to and including December 31, 1977	2%
January 1, 1978 to and including December 31, 1980	1%
January 1, 1981 and thereafter	None

Notice of redemption of said Bonds shall be given by the Commission by publication of such notice at least once not less than thirty (30) days prior to the date set for redemption in a newspaper published and of general circulation in the City of Chicago, Illinois and in The Bond Buyer, a financial journal published in the City of New York, New York, and in the event The Bond Buyer ceases publication then notice of redemption shall be published in a financial journal published in the City of New York, New York, and in the City of Chicago, Illinois. Such notice shall designate the date and place of redemption of said Bonds, which shall be at the banks or trust companies designated herein as the place of payment of said Bonds and the coupons representing interest becoming due on said Bonds, shall designate the aggregate principal amount of the Bonds to be redeemed, and shall indicate that on the designated date of redemption said Bonds shall be redeemed by payment of the principal amount thereof and accrued interest thereon to date of redemption, plus the applicable premium, if any, and that from and after the designated redemption date interest on said Bonds so called for redemption shall cease to accrue.

The principal of and interest on this Bond and the issue of which it forms a part are payable solely out of the Revenues, as defined in the Resolution, and are secured by a charge and lien on such Revenues as provided for in the Resolution, and as and to the extent set forth in the Resolution. All such Revenues after the payment of the reasonable cost of maintenance and operation of the Public Building to be constructed with the proceeds derived from the sale of said

Bonds are exclusively and irrevocably pledged to and constitute a trust fund in accordance with the terms hereof and the provisions of the Resolution and in accordance with the provisions of the Act, for the security and payment of, and for the security and payment of interest on, this Bond and all other Bonds that may hereafter be issued under the terms of the Resolution.

The rights and obligations of the Commission and of the holders and registered owners of the Bonds may be modified or amended at any time with the consent of the Commission and of the holders of not less than sixty-six and two-thirds per cent (66⅔%) in principal amount of outstanding Bonds in the manner, to the extent, and upon the terms provided in the Resolution, provided that no such modification or amendment shall extend the maturity or reduce the interest rate on or otherwise alter or impair the obligation of the Commission to pay the principal or interest at the time and place and at the rate and in the currency provided therein of any Bond without the express consent of the holder or registered owner of such Bond, or permit the creation by the Commission of any pledge or lien on any part of the Public Building of the Commission, or any other lien upon any Revenues of the Commission, or permit the creation of a preference or priority of any Bond or Bonds over any other Bond or Bonds, or reduce the percentage of Bonds required for the affirmative vote or written consent to an amendment or modification, all as more fully set forth in the Resolution.

Subject to the provisions for registration and transfer contained herein and in the Resolution, this Bond shall have all the qualities and incidents of a negotiable instrument under the laws of the State of Illinois, and shall pass by delivery unless registered as to principal in the owner's name on the books of registration to be kept by the Trustee, as Bond Registrar, at its principal office in the City of Chicago, Illinois, and such registration noted hereon, after which no valid transfer hereof can be made, except at such office by the registered owner in person or by duly authorized attorney and similarly noted hereon, until after registered transfer to bearer, but after such registered transfer to bearer this Bond shall be again transferable by delivery. Such registration, however, shall not affect the negotiability of the coupons which shall remain payable to bearer and transferable by delivery. The Commission, its Treasurer, and the Trustee, Paying Agents, Bond Registrar and any other person may treat the bearer of this Bond (or, if this Bond be registered as to princi-

pal, the registered owner) and the bearer of any coupon hereunto appertaining, whether or not this Bond has been registered as to principal, as the absolute owner hereof and thereof for the purpose of receiving payment hereof and thereof and for all other purposes and shall not be affected by any notice to the contrary, whether this Bond or such coupon be overdue or not.

The Bonds are issuable as Coupon Bonds, registrable as to principal only, in the denomination of $5,000, and as Registered Bonds without coupons in the denomination of $5,000 and multiples thereof. The Coupon Bonds and Registered Bonds without coupons are interchangeable as provided in the Resolution upon presentation thereof for such purpose by the holder or registered owner at the principal office of the Trustee, in the City of Chicago, Illinois, as Bond Registrar.

The Commission covenants and agrees that so long as any of the Bonds remain outstanding it will establish and collect rentals, fees and other charges for the use of all of the space in said Public Building so that its Revenues will be sufficient to provide for the payment of the cost of maintaining and operating such Public Building as provided by the Lease entered into by and between the Commission, the City and the County and provide for the payment of the Bonds through the Sinking Fund Account, and the payments into the Maintenance and Operation Account, Sinking Fund Account, Renewal and Replacement Account and Surplus Account.

It is hereby certified, recited and declared that all acts, conditions and things required to exist, happen and be performed, precedent to and in the issuance of this Bond, exist, have happened and have been performed in due time, form and manner as required by the Constitution and Statutes of the State of Illinois. Neither the principal of nor interest on this Bond is an indebtedness or obligation of the City of Chicago, The County of Cook, or any other political subdivision of or municipality within the State, or an obligation or an indebtedness or a claim against any of the property of the Commission within the purview of any statutory or constitutional limitation or provision.

The execution by the Trustee of its Certificate of Authentication hereon is essential to the validity of this Bond, and is conclusive evidence of the due execution and issue hereof under the aforesaid Resolution.

IN WITNESS WHEREOF, the Public Building Commission of Chicago, by its Board of Commissioners, has caused this Bond to be signed by its Chairman, with the seal of the Commission affixed hereto, attested by its Secretary, and has caused the annexed interest coupons to be executed with the facsimile signatures of said Chairman and Secretary, all dated the first day of July, 1963.

SECTION 7.1. The proceeds derived from the sale of the Bonds authorized hereby, at the time of the delivery of the Bonds or any part thereof to a purchaser, shall be promptly deposited by the Treasurer with the Trustee, (the Trustee being hereby designated as the Depositary therefor), and held by the Trustee in an account, to be designated "Public Building Commission of Chicago Construction Account" (hereinafter sometimes called "Construction Account"), which is hereby created, and all of the said funds deposited in said Account shall be used and applied to the cost of acquiring the site and constructing and equipping the Public Building as defined in Section 7.2 subject to the restrictions and transfers provided for in Section 7.3, and, pending their application as provided by this Resolution, all such funds shall be subject to a lien and charge in favor of the holders of the Bonds issued and outstanding under this Resolution and for the further security of such holders until paid out or transferred as herein provided.

SECTION 7.2. For the purpose of this Resolution the cost of acquiring the site and constructing and equipping the Public Building shall include all appurtenances in connection therewith and, without intending to limit or restrict any definition of such constructing and equipping under the provisions of the Act, shall include the following:

(a) Obligations incurred for labor, materials, supplies and services and to architects, engineers, contractors and materialmen and sup-

pliers in connection with the construction and equipping of the Public Building:

(b) The cost of acquiring any real estate, interest in real estate, easements, lands, rights of way and other interests, including demolition of existing buildings on the site, all as may be deemed necessary or convenient by the Board of Commissioners for the construction and operation of the Public Building;

(c) Interest accrued and to accrue on Bonds prior to the commencement of and during the construction of the Public Building at any time there are no other funds available for that purpose;

(d) The fees and expenses of the Paying Agents and the Trustee for all of its services under or in connection with this Resolution until the filing of the Certificate of Completion of the Public Building, and any governmental charges lawfully levied or assessed upon the Public Building, or any property acquired in connection with the Public Building, until the filing of the Certificate of Completion of the Public Building;

(e) The cost of preliminary investigations to determine the feasibility or practicability of constructing the Public Building, and all fees and expenses of Architect-Engineers for making reports, estimates, plans and specifications, and other engineering services, and fees for any other consulting surveys and reports in connection with location and construction of the Public Building and the issuance of Bonds therefor, surveys and estimates of costs of Revenues and other estimates and for supervising the construction as well as the performance of all other duties of Architect-Engineers set forth herein in relation to the construction of the Public Building or the issuance of Bonds therefor;

(f) Legal expenses and fees, financing charges, costs of audits and of preparing and issuing the Bonds, wages of office and clerical employees, general administrative management and promotional expenses, pension requirements and health, hospitalization and other necessary insurance;

(g) All other items of expense not elsewhere in this Section specified incident to the constructing and equipping of the Public Building, the financing thereof, the placing of the same in operation (including the initial premiums on any insurance required or obtained under the provisions of this Resolution), and the acquisition of property rights and franchises and including title insurance, if any, and cost of sur-

veys, appraisals and other expenses in connection with such acquisition; and

(h) Any expense heretofore or hereafter incurred by the Commission for any of the foregoing purposes, and also any amounts necessary for maintenance and operation of the Public Building during the period of constructing and equipping the Public Building and for a period of not more than twelve months after the Public Building, or any portion thereof, is placed in operation, and any other expenses reasonably necessary or incident to the constructing and equipping of the Public Building and the placing of the same in operation.

SECTION 7.3. The Trustee shall promptly after receiving the funds referred to in Section 7.1 hereof:

Set aside therefrom and credit to the Sinking Fund Account, provided for in Section 8.3 hereof, an amount sufficient to pay interest accrued and to accrue on said Bonds up to and including July 1, 1965. The balance of the proceeds derived from the sale of the Bonds shall be held in the Construction Account and used and applied, as defined in Section 7.2 hereof, for the constructing and equipping of the Public Building.

SECTION 7.4. Transfers or payments from the Public Building Commission Construction Account referred to in Section 7.1, except those authorized and directed to be made under the provisions of Section 7.3, shall be made for payment of the cost of acquiring the site and constructing and equipping the Public Building in accordance with the provisions of this Section.

All payments shall be made by check of the Trustee upon written order of the Board signed by the Chairman and countersigned by the Treasurer, and each such order shall state in respect of such payments:

1. The item number of the payment;
2. The name of the person, firm or corporation to whom the payment is due;
3. The amount to be paid and the purpose for which the obligation is to be paid;
4. That obligations in the stated amounts have been incurred by the Commission, for the payment of cost of acquiring the site and constructing and equipping the Public Building and that each item thereof is a proper charge against the Construction Account and has not been paid; and

5. The amount of any notice of lien or liens or claimed right to lien or liens which has not been released or will not be released simultaneously with the payment of such obligations. If such lien or claimed right to lien will not be so released with the payment referred to in said order, the Trustee shall deduct the amount of such lien or liens (if not theretofore reserved from payment under a previous order) and reserve the same for payment pending disposition of such claim or claims.

If such order directs payment for work or materials stated therein to be under the supervision of the Architect-Engineers, it shall be accompanied by a certificate signed by the Architect-Engineers certifying that the obligations in the amounts stated have been incurred by the Commission and that each item thereof is a proper charge against the Construction Account and has not been paid.

Upon receipt of any such order and accompanying certificate, if required, the Trustee shall pay such obligation to the party named in the order and charge the same against the Construction Account.

In addition to the foregoing, the Trustee shall upon order signed by the Chairman and countersigned by the Treasurer at one time or from time to time until the Certificate of Completion is filed with the Trustee pay to the Treasurer by check of the Trustee from the Construction Account a sum or sums aggregating not to exceed $25,000, such sum or sums to be used by the Commission as a Revolving Fund for payment of items of expense during construction which cannot be conveniently paid as herein otherwise provided. Such Revolving Fund shall be replenished from time to time upon written order of the Treasurer, countersigned by the Chairman, directed to the Trustee accompanied by certificate signed by the Treasurer, setting forth an itemized statement of the purposes for which such funds were expended and the balance remaining and that they were all proper charges against and payable from the Construction Account, it being the intent of this paragraph to provide a Revolving Fund for the Commission to be maintained at all times in an amount not to exceed $25,000.

Section 7.5. All orders, certificates and other papers received by the Trustee, as required in this Article 7 as conditions of payment from the Construction Account, may be relied upon by the Trustee, without any investigation, and shall be retained in the possession of the Trustee, subject at all reasonable times to the inspection of the Commission, the City Comptroller, the County Comptroller, the Architect-Engineers, any Bondholder and the agents and representatives thereof.

SECTION 7.6. After all obligations of any kind or character, including all liens and claims, have been fully paid on account of the constructing and equipping of the Public Building, there shall be filed with the Trustee a certificate executed by the Chairman and Treasurer stating that all obligations, including liens and claims for the constructing and equipping of said Public Building have been paid and satisfied, accompanied by a certificate of the Architect-Engineers that said Public Building has been fully completed. Upon receipt of such certificates, the Trustee shall, without further order or direction, transfer the remaining funds in the Construction Account to the Sinking Fund Account.

SECTION 7.7. Moneys held by the Trustee for the credit of the Construction Account shall, as nearly as may be practicable, be continuously invested and reinvested by the Trustee in direct and general obligations of the United States Government which shall mature, or which shall be subject to redemption by the holder thereof at the option of such holder, not later than the respective dates, as estimated by the Chairman and approved by the Executive Director, when said moneys will be required for the purpose intended. It shall be the duty of the Chairman and Executive Director to file with the Trustee from time to time the estimated dates when such funds will be required and the Commission covenants that it will cause to be filed such estimates and cause the Trustee to make investments of the moneys to the credit of the Construction Account as provided by this Section.

All interest accruing thereon and any profit or proceeds realized from any such investment shall be credited to the Construction Account and any loss resulting from the sale of such investments shall be charged to such account. The Trustee shall sell at the best price reasonably obtainable or present for redemption any obligations so purchased whenever it shall be necessary so to do in order to provide moneys to meet any payment or transfer from such account. Neither the Trustee, the Treasurer nor the Commission shall be liable or responsible for any loss resulting from any such investment or from the sale of securities delivered to the Trustee by the Commission.

ARTICLE 8.

CUSTODY AND APPLICATION OF REVENUES.

SECTION 8.1. The Commission covenants and agrees that, so long as any of the Bonds remain outstanding, the Public Building shall be

operated on a fiscal year basis commencing on the first day of January and ending on the last day of December of each year, and all Revenues derived by the Commission from the operation of the Public Building, shall be deposited by the Treasurer with the Trustee (which Trustee is hereby designated as the Depositary therefor) within three full business days after receipt thereof. All sums so deposited by the Treasurer with the Trustee shall be credited by the Trustee to the "Public Building Commission of Chicago Revenue Fund" (hereinafter referred to as "Revenue Fund").

SECTION 8.2. The Trustee in each fiscal year shall first without further order or direction transfer from said Revenue Fund to the Treasurer to be deposited by him with the Depositary in a separate commercial account which is hereby created and designated the "Maintenance and Operation Account of the Public Building Commission of Chicago", an amount which, together with the unencumbered balance to the credit of the Maintenance and Operation Account as of the beginning of each fiscal year (as evidenced by the certificate of the Treasurer), will equal the amount budgeted for such year as provided by Section 16.1 of this Resolution; provided that in no event shall the Trustee transfer to the Treasurer for deposit to said Maintenance and Operation Account in any fiscal year more than the amount for that particular fiscal year set forth in the schedule in Section 16.1 of this Resolution, plus any additional rentals authorized for maintenance and operation by the City and the County for such fiscal year. The funds in said Maintenance and Operation Account shall be used by the Commission to pay the reasonable expenses of operating and maintaining said Public Building for the current fiscal year as provided in the annual budget adopted in accordance with the provisions of Section 16.1 of this Resolution.

SECTION 8.3. After making the transfer of funds to the Treasurer as required by Section 8.2 hereof the Trustee shall credit the balance of the Revenues referred to in Section 8.1 hereof in the following order of priority to the following respective accounts, that is:

Sinking Fund Account
Renewal and Replacement Account
Surplus Account

Each of said accounts is hereby created and the Commission hereby covenants and agrees to cause each of them to be maintained and all moneys credited to each account shall be held in trust by the Trustee

and applied, used and withdrawn only for the purposes and as hereinafter authorized:

(a) There shall be credited in each fiscal year to the Sinking Fund Account an amount sufficient to pay the principal of and interest on all Revenue Bonds (including all Bonds that may be issued in the future to share ratably and equally in the earnings of the Public Building with the Bonds herein authorized and for the purposes of brevity such Bonds to be issued in the future being hereinafter referred to as "Parity Bonds") provided to be issued hereunder which will become due July 1 of such fiscal year and January 1 of the succeeding fiscal year. All moneys in said account shall be used only for the purpose of paying the principal of and interest on the Bonds of this issue, or any Parity Bonds, as the same shall become due and funds sufficient to pay such maturing principal or interest, or both, shall be forwarded to the Paying Agents prior to each current maturity date of such principal or interest, or both.

(b) After crediting the amount required to be credited to the Sinking Fund Account, there shall be credited in the fiscal year 1965 to the Renewal and Replacement Account the sum of $100,000 and in each fiscal year thereafter the sum of $200,000 until said account aggregates the sum of $2,000,000. Whenever any money is paid out of said account credits into said account shall be resumed and continued until the balance in said account again aggregates the sum established by this subparagraph.

The funds of said account shall be withdrawn from said account from time to time and used for the purpose of renewing and replacing any part of the Public Building and its facilities which have become obsolete, worn out or otherwise unusable, or to provide extraordinary repairs whenever no other funds are available for that purpose. Payments shall be made by the Trustee from such fund only upon submission to the Trustee of a certified copy of a resolution adopted by the Commission reciting that funds are to be used for renewing or replacing part of the facilities of the Public Building which have become obsolete and worn out or otherwise unusable, identifying the facilities to be renewed or replaced. The funds held in said account to the extent necessary shall also be used to prevent or remedy a default in the payment of the interest on or principal of the Bonds and shall by resolu-

tion of the Board be transferred by the Trustee to the Sinking Fund Account when no other funds are available for that purpose.

(c) All moneys remaining in the Revenue Fund as established by this Resolution, after crediting the requirements in each fiscal year to the respective accounts hereinabove provided for, shall be credited as soon as, and as often as, received to the Surplus Account and shall be used in the order and for the purposes as follows:

(1) To credit the Sinking Fund Account in order to make up or prevent any deficiency therein.

(2) To credit to the Renewal and Replacement Account to make up any deficiency in the current fiscal year's required credits thereto and at the discretion of the Commission to credit the Renewal and Replacement Account with additional funds whenever such crediting may, in the opinion of the Commission, be desirable or necessary.

(3) At the discretion of the Commission to credit to the Insurance Account created in Section 11.1(b) and applied for the purposes therein stated.

(4) If for any reason the Public Building provided for in this Resolution shall not have been fully completed as contemplated by the plans and specifications therefor, then, at the discretion of the Commission, money in this account may be credited to the Construction Account and used for the completion thereof in accordance with such plans and specifications or as such plans and specifications may have been modified.

(5) Within thirty (30) days prior to the end of each fiscal year if there are funds remaining in the Surplus Account after making up any deficiency existing in the Sinking Fund Account or Renewal and Replacement Account, the Board shall adopt a resolution directing that said sum so remaining in the Surplus Account be credited proportionately to the next annual rental payments due from the City of Chicago and The County of Cook, and a certified copy thereof shall be filed with the City Clerk of the City of Chicago, and the County Clerk of The County of Cook as notice to them of the credit on the next succeeding rental payments due

from them. An additional certified copy of such resolution shall be filed with the Truseee and upon receipt of such the Trustee shall without further order or direction transfer said sum remaining in the Surplus Account at the end of such fiscal year to the Public Building Commission of Chicago Revenue Fund for credit to the accounts as provided by Section 8.3.

SECTION 8.4. Money in the Maintenance and Operation Account created in Section 8.2 may be invested by the Treasurer, and money in any of the accounts hereinabove created in Section 8.3 shall be invested by the Trustee from time to time in direct and general obligations of the United States Government which shall mature, or which shall be subject to redemption by the holder thereof at the option of such holder, prior to the date on which the moneys in said account will be needed, but in no event later than two years from the date of any such investment. Such securities shall be sold from time to time without further direction from the Commission whenever funds are needed for the purpose for which said respective accounts have been created. All earnings received on any funds so invested, or profit or loss resulting from the sale of any such investments shall be credited or charged to the account for which the investment was made. The Board, the Treasurer, or the Trustee shall not be liable or responsible for any loss resulting from any such investment.

SECTION 8.5. All Revenues of the Commission and all income, interest and profits thereon and all other moneys and securities under the terms of this Resolution paid or to be paid to or held or to be held by the Treasurer, or the Trustee, are, until paid out or transferred as provided by this Resolution, hereby pledged to and charged with and subjected to a lien for the payment of the principal of and interest on all Bonds in accordance with their terms and the provisions of this Resolution and are hereby subjected to a lien and charge in favor of all present and future holders of all Bonds and of the coupons as security for the performance and observance of all of the covenants, agreements and conditions in the Bonds and herein contained for the equal and proportionate benefit, protection and security of all present and future holders of any and all of the Bonds and coupons issued and to be issued under this Resolution, without preference, distinction or priority as to lien or otherwise of any one Bond or coupon over any other of the Bonds or coupons authorized by this Resolution, by

reason of priority in time of authorization, issue, sale or negotiation thereof or otherwise.

ARTICLE 9.

Transfers and Disbursements from Accounts of the Public Building Commission of Chicago Created by Article 8.

Section 9.1. The funds of the Maintenance and Operation Account shall be disbursed by the Treasurer by check or draft of the Commission, signed by the Treasurer and countersigned by the duly authorized officer of the Commission, but only after the Treasurer receives a written order signed and countersigned by the duly authorized officers of the Commission stating in respect to such disbursements:

(a) The item number of the payment.

(b) The name of the person, firm or corporation to whom payment is due.

(c) The amount to be paid.

(d) The purpose, by general classification, for which the obligation to be paid was incurred.

(e) That obligations in the stated amounts have been incurred by the Commission and each item thereof is a maintenance and operation expense and a proper charge against the Maintenance and Operation Account and has not been paid.

(f) The amount of any notice of lien or liens or claimed right to lien or liens which has not been released or will not be released simultaneously with the payment of such obligations.

(g) That the total payments will not be in excess of the unencumbered balance of the annual budget for the current fiscal year.

Upon receipt of such an order, the Treasurer shall pay each such obligation from the Maintenance and Operation Account; provided, however, if the order required to be executed as hereinabove provided in this Section reflects an amount of any notice of lien or liens or claim or claimed right to lien or liens which will not be released with the payment referred to in said order, the Treasurer shall deduct the amount of such lien or liens or claimed right to lien or liens (if not theretofore reserved from payment under a previous order) and

reserve the same for payment pending disposition of such claim or claims.

The Treasurer, in making such disbursements, may rely upon the orders and certificates required in this Section and the Depositary shall have no liability with respect to said disbursements nor any duty to inquire into the propriety or application thereof.

SECTION 9.2. The Trustee without further order or direction shall, as Paying Agent, apply the moneys to the credit of the Sinking Fund Account to payment of interest and principal from time to time becoming due on the Bonds.

SECTION 9.3. Disbursements from the Renewal and Replacement Account shall be made by check of the Trustee in accordance with the provisions of Sections 7.4 and 8.3(b) of this Resolution.

SECTION 9.4. Moneys to the credit of the Surplus Account shall be transferred by the Trustee at any time and from time to time without further order or direction for making up any deficiencies in the Sinking Fund Account or the Renewal and Replacement Account in that order of priority. If such respective accounts have been credited with all amounts required to be credited, the Board may by resolution direct the transfer of said funds to the credit of the Renewal and Replacement Account or, upon first receiving a certification from the Architect-Engineers that it is necessary and essential to the efficient operation of the Public Building that such funds be used for one or more of the purposes referred to in subparagraphs 3 and 4 of paragraph (c) of Section 8.3, together with an estimate of cost thereof, may by resolution direct the transfer of said funds to the credit of any one or more of the accounts referred to in subparagraphs 3 and 4 of paragraph (c) of Section 8.3. A certified copy of such resolution, accompanied by a certified copy of the certificate of the Architect-Engineers, as herein provided, shall be filed with the Trustee and the Trustee upon receipt of such instruments shall make the proper transfer and credit as herein provided.

No such transfers shall be made by the Trustee, nor shall the Board adopt any resolution providing for such transfers within thirty (30) days prior to the end of each fiscal year and any funds remaining in the Surplus Account within thirty days prior to the end of each fiscal year shall be credited to the rental payments of the City of Chicago and The County of Cook, as provided by subparagraph (5) of paragraph (c) of Section 8.3.

SECTION 9.5. The Treasurer in making any disbursements under

Section 9.1 hereof may rely upon the orders and certificates required in this Section and neither the Trustee nor the Depositary shall have any liability with respect to such disbursements nor any duty to inquire into the propriety or application thereof.

ARTICLE 10.

Covenants With Bondholders.

Section 10.1. The Commission covenants that upon the placing of the Public Building or any portion thereof in use it will fix and establish rates, charges, rents and fees for the use of the Public Building, so that the Revenues of the Commission will be sufficient at all times to pay:

(a) The cost of maintaining, repairing, regulating and operating the Public Building as provided by the Lease hereto attached, and

(b) The Bonds and the interest thereon, as the same shall become due and payable, and all other requirements herein provided.

The Commission further covenants that it will promptly pay the principal of and the interest on all Bonds issued under the provisions of this Resolution at the place, on the dates and in the manner provided herein and in said Bonds and in any coupons appertaining to said Bonds.

Section 10.2. The Commission covenants that it will forthwith proceed to construct the Public Building as described in Section 2.2 according to the plans and specifications dated April 24, 1963, heretofore approved and placed on file in the office of the Commission, and in conformity with the Act, and that it will complete such construction with all expedition practicable, free and clear of all liens and claims for liens. The Commission further covenants that upon the placing of the Public Building or any portion thereof in operation it will deliver to the Trustee a certificate signed by the Chairman, Secretary, Architect-Engineers and Executive Director stating the date upon which such use began.

The Commission covenants that the Public Building will be constructed on lands over which the Commission shall have acquired a valid title with uninterrupted right of possession in the Commission sufficient to construct, maintain and operate the Public Building until

all of the principal of and interest on the Bonds issued hereunder shall have been paid in full.

The Commission covenants that all its contracts for the construction of the Public Building (but not for the purchase of equipment) shall be submitted to the Architect-Engineers and that no such contracts shall be entered into and no partial or final payments on such contracts will be made without the approval of the Architect-Engineers.

The Commission covenants that, except as otherwise provided in this Resolution, each such contract for labor or materials of construction will also provide that payments thereunder shall not be made by the Commission in excess of ninety per cent (90%) of current estimates approved by the Architect-Engineers until the aggregate amount of payments withheld equals five per cent (5%) of the contract price, which amount shall be payable upon payment of the final balance due under any such contract.

SECTION 10.3. The Commission covenants that it will establish and enforce reasonable rules and regulations governing the use of the Public Building and the operation thereof, that all payments under contracts entered into by it, and all compensation, salaries, fees and wages paid by it, in connection with the maintenance, repair and operation of the Public Building will be reasonable, that it will require that the Public Building shall be maintained in an efficient and economical manner, that it will at all times maintain the same in good repair and in sound operating condition, and will make or cause to be made all necessary repairs, renewals and replacements, and that it will observe and perform all of the applicable terms and conditions contained in the Act, in this Resolution, the Lease and any other leases covering the premises upon which the Public Building is located.

SECTION 10.4. The Commission covenants that it will not issue any bonds or other evidences of indebtedness, except pursuant to the provisions of this Resolution, secured by a pledge of the Revenues of said Commission and that it will not create or suffer to be created any lien or charge upon the Public Building or any part thereof or upon the Revenues except the lien and charge of the Bonds secured hereby upon such Revenues, or such additional bonds that may be issued pursuant to the provisions of this Resolution, and that, from such Revenues or other available funds, it will pay or cause to be discharged, or will make adequate provision to satisfy and discharge,

within sixty days after the same shall become payable, all lawful claims and demands for labor, materials, supplies or other objects which, if unpaid, might by law become a lien upon the Public Building or any portion thereof or the Revenues therefrom; provided, however, that nothing in this Section contained shall require the Commission to pay or cause to be discharged, or make provision for, any such lien or charge so long as the validity thereof shall be contested in good faith and by appropriate legal proceedings which stay the enforcement thereof.

SECTION 10.5. To the extent permitted by law, the Commission may accept funds other than Revenues for maintenance and operation of the Public Building notwithstanding any other provision of this Resolution, and so far as it may be lawful to do so, will permit the State of Illinois, or the Government of the United States, or any of their respective agencies, departments or political subdivisions, to pay the cost of maintaining, repairing and operating the Public Building out of funds other than Revenues.

SECTION 10.6. The Commission covenants that it will, for the purpose of performing and carrying out the duties imposed upon the Architect-Engineers by this Resolution, employ Architect-Engineers from time to time to perform the duties required by this Resolution, each having nationwide and favorable repute for skill and experience in such work.

The Commission further covenants that it will cause the Architect-Engineers or a Building Management Consultant firm employed for that purpose, to make an inspection of the Public Building at least once each year after completion thereof, and submit to the Commission a report not later than ninety days preceding the beginning of each fiscal year setting forth their findings whether the Public Building has been maintained in good repair, working order and condition, and their recommendations as to:

(a) Proper maintenance, repair and operation of the Public Building during the ensuing fiscal year and the amount of the money necessary for such purpose;

(b) The insurance to be carried under the provisions of this Resolution;

(c) Any other recommendations they deem in their judgment should be carried out to keep the Public Building in proper repair in order to assure an efficient operation thereof.

A copy of such report shall be filed with the Trustee.

SECTION 10.7. The Commission covenants that, except as in this Resolution otherwise permitted, it will not sell or mortgage the Public Building or any part thereof. The Commission may, however, from time to time sell any of its machinery, fixtures, apparatus, instruments or other movable property, if the Commission shall determine that such articles are no longer needed or are no longer useful in connection with the construction or operation and maintenance of the Public Building, and the net proceeds thereof shall, as soon as practicable, be applied to the replacement of the articles so sold or disposed of, or shall be deposited to the credit of the Sinking Fund Account; provided that prior to the completion of the Public Building the net proceeds of any such sale of machinery, fixtures, apparatus, tools, instruments or other movable property acquired by the Commission from the proceeds of Bonds issued on account of the Public Building or from other income or Revenues shall not be so applied or deposited, but shall be credited to the Construction Account.

SECTION 10.8. The Commission covenants that it will faithfully, diligently and punctually do all things required of it, and will comply with all reasonable requests, and will file all schedules and reports provided by this Resolution.

SECTION 10.9. The Commission covenants that all payments under the Lease entered into by and between the Commission and The County of Cook and the City of Chicago, and pertaining to the Public Building referred to in this Resolution, shall inure to the benefit of the holder of any of the Bonds authorized hereunder and the Commission further agrees that it will properly enforce all obligations of the tenants of said Public Building and it will not make or consent to any change or modification of the aforesaid Lease which would reduce the rates, rentals, fees or charges of the tenants thereunder, extend the time for payment of rentals provided therein, nor permit any change in operation or occupancy which would reduce the required payments under said Lease to the Commission, except as herein provided.

ARTICLE 11.

INSURANCE AND RECORDS.

SECTION 11.1. The Commission covenants that:

(a) During the construction of the Public Building or any portion

thereof, it will carry such builders' risk insurance, as shall be recommended by the Architect-Engineers in an amount not less than 100% of the contract costs less noninsurable items.

The proceeds of builders' risk insurance, if any, shall be held by the Trustee, credited to the Construction Account, and shall be available for and disbursed by the Trustee in the manner and on the showings provided in Section 7.4 for payments from the Construction Account.

(b) From and after the time when the contractors or any of them engaged in constructing any structure constituting a part of the Public Building shall cease to be responsible pursuant to the provisions of the respective contracts for the construction thereof, for loss or damage thereto, it will insure and at all times keep such Public Building insured with a responsible insurance company or companies, qualified to assume the risk thereof, against physical loss or damage, including fire and extended coverage, vandalism, malicious mischief, and against such other risks as may be deemed necessary or advisable by the Board, with such exceptions as are ordinarily required by insurers of structures or buildings of similar type, in an amount not less than eighty per cent (80%) of the replacement value thereof, less depreciation, as certified by the Architect-Engineers in writing filed with the Commission and with the Trustee; and provided further, that if at any time the Commission shall be unable to obtain such insurance to the extent above required, either as to amount of such insurance or as to the risks covered thereby, it will not constitute an event of default under the provisions of this Resolution if the Commission shall maintain such insurance to the extent reasonably obtainable.

All such policies shall be for the benefit of the Commission, shall be made payable to the Commission, and shall be received by the Treasurer and by him forthwith deposited with the Trustee. The Commission shall have the sole right to receive the proceeds of such insurance and to receipt for and settle claims thereunder and shall deposit the same with the Trustee. The proceeds of any and all such insurance shall be held by the Trustee as security for the Bonds issued hereunder until paid out as hereinafter provided.

The Commission covenants that, immediately after any substantial damage to or destruction of any part of the Public Building, it will cause the Architect-Engineers to prepare plans and specifications for repairing, replacing or reconstructing the damaged or destroyed prop-

erty (either in accordance with the original or a different design) and an estimate of the cost thereof, and to file copies of such estimate with the Trustee.

The proceeds of all insurance referred to in this Section 11.1(b) and received by the Trustee shall be credited to a special account to be designated Insurance Account of the Public Building Commission of Chicago by the Trustee and shall be available for, and shall to the extent necessary be applied to, the repair, replacement, or reconstruction of the damaged or destroyed property, and shall be disbursed by check of the Trustee in the manner and upon the showings so far as reasonably applicable, provided in Section 7.4 for payments from the Construction Account. The Trustee shall not be liable for disbursements so made. If such proceeds are more than sufficient for such purpose, the balance remaining shall be by order of the Board deposited by the Trustee to the credit of the Surplus Account. If such proceeds shall be insufficient for such purpose, then the deficiency shall be supplied by the Commission from any moneys available for that purpose in the Surplus Account.

The Commission covenants that, in the case of any substantial damage to or destruction of any part of the Public Building, if the cost of renewing, replacing or reconstructing the damaged or destroyed property as estimated by the Architect-Engineers shall not exceed the proceeds of insurance and other moneys available for such purpose, it will forthwith commence and diligently proceed with the renewal, replacement or reconstruction of the damaged or destroyed property according to plans and specifications prepared or approved by the Architect-Engineers.

The proceeds of any such insurance not applied within eighteen months after their receipt by the Commission to renewing, replacing or reconstructing the damaged or destroyed property (unless it has been prevented from so doing because of conditions beyond its control) shall be credited by the Trustee upon order of the Commission to the Sinking Fund Account.

SECTION 11.2. The Commission covenants that it will at all times carry or cause to be carried with a responsible insurance company or companies qualified to assume the risk thereof:

(a) Rents insurance covering loss of Revenue from the Public Building by reason of necessary interruption, total or partial, in the use thereof resulting from damage to or destruction of any part thereof

however caused, with such exceptions as are ordinarily required by insurers writing similar insurance, in such amount as the Commission shall estimate is sufficient to provide a full normal income during the period of suspension of use; provided, however, that such insurance shall cover a period of suspension of not less than twelve months and such longer period as the Commission shall approve, and that such insurance may exclude loss sustained by the Commission during the first seven days of any total or partial interruption of use; and provided, that if at any time the Commission shall be unable to obtain such insurance to the extent above required, either as to the amount of such insurance or as to the risk covered thereby, it will not constitute an event of default under the provisions of this Resolution if the Commission shall carry such insurance to the extent reasonably obtainable.

In estimating full normal income for rents insurance, the Commission shall give consideration to the expected as well as current and prior Revenues from the operation of the Public Building. All policies providing rents insurance shall be payable to the Commission and the Commission shall have the sole right to receive any proceeds of such policies and to collect and receipt for and settle claims thereunder. Any proceeds of rents insurance shall be deposited promptly with the Trustee and credited to the respective accounts created by the Resolution as other Revenues are so credited.

(b) Such workmen's compensation or employers' liability insurance as may be deemed necessary or advisable under law.

(c) Public and other liability insurance of such character and amount as shall be adequate, in the judgment of the Commission, to insure the Commission against risks to which it may reasonably be or become subject in the operation, construction, or reconstruction of the Public Building, but the Commission shall not be required to maintain any such insurance to the extent such insurance is carried for its benefit by any lessee, licensee or other person operating any of the Public Building or by contractors. The proceeds of any such insurance not applied directly in settlement of such liability shall be promptly deposited with the Trustee and by it credited to the Maintenance and Operation Account in case of risks to which the Commission is subject in operation, and credited to the Construction Account in case of risks to which it is subject in construction or reconstruction of the Public Building.

(d) Such fidelity insurance or fidelity bond or bonds covering all

employees at any time employed by the Commission in an amount as will reasonably protect the Commission.

The Commission covenants that it will, if obtainable in the judgment of the Commission at a reasonable cost, carry war risk insurance covering direct physical loss or damage and loss of Revenues of such portions of the Public Building and in amounts as may be appropriate. The proceeds of any such insurance shall be applied in the same manner as the proceeds of insurance under Section 11.1.

SECTION 11.3. Within ninety days after the passage of this Resolution and within the first three months of each subsequent fiscal year the Commission shall file with the Trustee a schedule of all insurance policies referred to in Sections 11.1 and 11.2 which are then in effect, stating with respect to each policy the name of the insurer, the amount, number and expiration date, and the hazards and risks covered thereby. All such insurance policies shall be open to the inspection of the Trustee, the Bondholders and their agents and representatives.

Any appraisement or adjustment of any loss or damage under any policy payable to the Commission and any settlement or payment of indemnity under any policy in which the Commission is interested, which may be agreed upon between the Commission and any insurer shall be evidenced to the Trustee by a certificate, signed by the Chairman and Secretary, which certificate may be relied upon by the Trustee as conclusive. The Trustee shall not in any way be liable or responsible for any breach by the Commission of insurance requirements of this Resolution or for the collection and applications of insurance moneys in case of any loss or damage or liability and the Trustee need make no inquiry with respect to the performance of such requirements or such collections and applications.

SECTION 11.4. The Commission covenants that it will keep an accurate record of the total cost of the Public Building, of the Revenues collected and of the application of such Revenues, and that it will maintain the following records which shall be open at all reasonable times at the office of the Treasurer to the inspection of the Trustee, the purchasers of the bonds, and their agents and representatives:

(a) An income and expense account.

(b) Record of all deposits to the credit of and withdrawals from each account created under the provisions of this Resolution.

(c) The details of all Bonds issued, paid, purchased or redeemed.

(d) A balance sheet as of the end of each such year.

(e) Record of revisions (if any) in fees, rentals, leases, rates and other charges.

The Commission further covenants that not later than one hundred and twenty days after the close of each fiscal year it will cause an audit to be made of its books and accounts relating to the Public Building, including a detailed report and financial statement of its operations and of its assets and liabilities, by the Independent Public Accountant. Promptly thereafter copies of each such audit report shall be filed with the Trustee, and also with the Secretary. Copies of such audit report shall also be mailed to the City, the County and all Bondholders who shall have filed their names and addresses with the Commission for such purpose. Each such audit report shall set forth the findings of the Independent Public Accountant whether the moneys received by the Commission under the provisions of this Resolution have been applied in accordance with the provisions of this Resolution, and whether any payments or liabilities for Maintenance and Operation expense in the preceding fiscal year were in excess of the annual budget for such fiscal year.

Such audit report shall be open at all reasonable times to the inspection of the Bondholders and their agents and representatives.

The Commission further covenants that it will cause any additional reports or audits relating to the Public Building to be made as required by law and that, as often as may be requested, it will furnish to the Trustee, and the holder of any Bond issued hereunder, such other information concerning the Public Building or the operation thereof as any of them may reasonably request. The cost of such reports and audits shall be treated as a part of the cost of operation of the Public Building.

SECTION 11.5. The Commission covenants that once every two months after the delivery of any of the Bonds to a purchaser and until the construction of the Public Building shall have been completed, it will cause the Architect-Engineers to prepare a progress report in connection with the construction of the Public Building including their current estimates of:

(a) The cost of the work completed exclusive of contingencies, financing charges and interest during construction;

(b) List each contract for the construction of the Public Building entered into by the Commission since the date of the last progress report which provides for aggregate payments by the Commission in the amount of $10,000 or more, specifying in reasonable detail the work to be performed or the materials to be supplied thereunder, and stating with respect to each such contract the name and address of the contracting party or parties other than the Commission, the amount of the payments by the Commission provided for thereunder.

Copies of such progress report shall be filed with the Secretary and the Trustee and mailed by the Commission to the City, the County, the original purchaser of the Bonds and all Bondholders who shall have filed their names and addresses with the Commission for such purpose.

ARTICLE 12.

Additional Bonds.

Section 12.1. To the extent necessary to pay the cost of acquiring the site and constructing and equipping the Public Building, funds shall be advanced and disbursed from the Construction Account as provided in and by this Resolution, to the end that the Public Building provided for and authorized by Section 2.2 of this Resolution shall be constructed and completed according to said plans and specifications therefor, provided, that if sufficient funds are not available to complete the construction and equipping of any part of the Public Building provided for in said Section 2.2 for which Bonds have been issued under the limitations prescribed by this Resolution, additional bonds to the extent necessary to provide additional funds for completing payment of the cost of construction and equipping of the Public Building may be issued under and secured by this Resolution at any time or from time to time ranking on a parity with the Bonds then outstanding and issued under this Resolution. Such additional Bonds shall be designated "Public Building Revenue Bonds" with such appropriate particular designation added to said title as the Commission may determine, and shall be dated and bear such interest rate or rates (not in excess of six per cent (6%)) payable on January 1 and July 1 of each year as may be determined by the Commission, and shall mature serially. Such additional Bonds shall be authorized by supplemental resolution or resolutions to be adopted by the Commission, and shall direct their issue, execution, authentication and delivery to a purchaser, and such additional Bonds

shall be in the form as provided for in this Resolution, but before such Bonds shall be issued or authenticated there shall be filed with the Trustee the following:

(a) A certificate signed by an Independent Public Accountant setting forth the amounts set aside from the Construction Account that were required to be set aside for purposes other than constructing and equipping under Section 7.3, the amounts expended for site acquisition and for the constructing and equipping of the Public Building described in Section 2.2 to date of such certificate, and the amount of money in the Construction Account then available for constructing and equipping of said Public Building.

(b) A certificate signed by the Architect-Engineers stating that additional funds are necessary to complete the constructing and equipping of said Public Building and that the balance of the funds in the Construction Account are insufficient to pay the cost of completion of said Public Building, and setting forth the amount of additional funds that will be required and that said additional funds will be sufficient to pay the balance of the cost of completion of said Public Building.

(c) A certificate signed by Counsel for the Commission that Supplemental Leases have been executed between the City of Chicago, The County of Cook and the Commission providing for additional annual payments for space in said Public Building sufficient to pay maintenance and operation expenses and amortize the additional Bonds that are to be issued.

SECTION 12.2. The Commission further covenants that except for the issuance of additional Bonds to complete the construction and equipping of the Public Building as provided for in Section 12.1, no additional Bonds to share ratably and equally in the income and revenue of said Public Building may be issued.

ARTICLE 13.

CONCERNING THE TRUSTEE, PAYING AGENT AND BOND REGISTRAR, APPOINTMENT.

SECTION 13.1. The Continental Illinois National Bank and Trust Company of Chicago, in the City of Chicago, is hereby appointed as Trustee. The Trustee shall signify its acceptance of the duties and obligations imposed upon it by this Resolution as Trustee and Bond Registrar, by executing a Certificate of Authentication endorsed upon

the Bonds, and by executing such certificate upon any Bond the Trustee shall have been deemed to have accepted such duties and obligations not only with respect to the Bonds so authenticated, but with respect to all Bonds authorized to be issued by this Resolution, but only, however, upon the terms and conditions set forth in this Resolution. The Trustee shall also signify its acceptance of the duties and obligations imposed upon it as Trustee and Bond Registrar by this Resolution by executing and delivering to the Commission a written acceptance thereof.

Any right or immunity conferred upon, and any reference in this Resolution to, the Trustee shall be deemed to be a right or immunity conferred upon or a reference to the Trustee in its capacity as Trustee, Bond Registrar and Paying Agent unless the context clearly makes such reference inapplicable to the Trustee acting in one or more of such capacities.

SECTION 13.2. The Continental Illinois National Bank and Trust Company of Chicago, in the City of Chicago, Illinois and the Chemical Bank New York Trust Company, in the City of New York, New York are hereby designated and appointed as Paying Agents.

SECTION 13.3. The recitals, statements, covenants and representations contained in this Resolution or in the Bonds or coupons (exclusive of the Trustee's certificate on the Bonds) shall be taken as the recitals, statements, covenants and representations of the Commission and the Trustee assumes no responsibility and shall not be liable for the correctness of the same. The Trustee makes no representations as to the validity or sufficiency of this Resolution or of any supplemental resolution directing the issue of any Bonds hereunder, or of any Bonds issued thereunder or as to the application of proceeds of the Bonds or of the Revenues or other funds of the Commission or of the moneys paid by the Trustee to or for the account of the Commission, or in respect of the lien or security or availability of remedies afforded by this Resolution, and shall not incur any responsibility in respect thereof or with respect to performance by the Commission of its covenants and agreements in this Resolution set forth. The Trustee shall be under no responsibility or duty with respect to the issuance of the Bonds for value. The Trustee shall not be liable for any interest on moneys deposited with it pursuant to the provisions of this Resolution except interest actually collected by it from investments made pursuant to this Resolution.

In the absence of a written notice to the Trustee from the holders of not less than ten per cent (10%) in principal amount of all Bonds then outstanding, which states that they have information or other reasons which lead them to suspect the existence of a default and which states such information or other reasons, the Trustee shall be under no duty to make any investigation or inquiry regarding defaults by either the Commission or the Treasurer or any other employee of the Commission in any of the matters or things to be done or performed by any thereof, and, further, the Trustee may conclusively assume that there has been no default by either the Commission or the Treasurer or any other employee of the Commission in any of the matters or things to be done or performed by any of them (except for default in payment of moneys to the Trustee which the Commission or the Treasurer is required to pay or transmit to the Trustee on or before a specified date or the failure to file audits or reports of insurance policies required to be filed with the Trustee) unless and until the Trustee is notified in writing of a default by the holders of not less than ten per cent (10%) in principal amount of all Bonds then outstanding, specifying the default.

The Trustee shall be under no obligation or duty to make any investigation or inquiry regarding defaults, or to commence any action or suit or to perform any remedial act which would involve it in any expense or liability, or to institute or defend any suit in respect hereof, or to advance any of its own moneys, unless in each case indemnified to its reasonable satisfaction.

The Trustee shall not be liable in connection with the performance of its duties hereunder, except for its own negligence.

SECTION 13.4. The Trustee shall, without making any investigation or inquiry, be protected (a) in relying and acting upon, and in assuming the correctness and truth of, any statement contained in any notice, ordinance, resolution, request, consent, order, certificate, estimate, report, opinion, bond, budget or other paper or document believed by it to be genuine, and to have been signed or presented by the proper party or parties, either in his, her or their own behalf or believed to be duly authorized and empowered to do so in a fiduciary or representative capacity and (b) in assuming that any amounts paid to it by the Commission or Treasurer are the amounts required to be paid to the Trustee pursuant to the provisions of this Resolution and that the amounts and kinds of insurance required to be taken out by the Commission pursuant to the provisions of this Resolution

have been taken out and are in force. The Trustee may consult with counsel, who may be counsel to the Commission, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it under this Resolution in good faith and in accordance with such opinion of counsel.

Whenever the Trustee shall deem it necessary or desirable that a matter with respect to the Commission be proved or established prior to taking or suffering any action under this Resolution, such matter (unless other evidence in respect thereof be herein specifically prescribed) may be deemed to be conclusively proved and established by a certificate of an authorized officer of the Commission and such certificate shall be full warrant for any action taken or suffered in good faith in accordance with the provisions of this Resolution upon the faith of such certificate.

Except as otherwise expressly provided in this Resolution, any request, consent, order, notice, certificate, estimate, report, opinion, budget or other paper or other document required or permitted to be furnished pursuant to any provision hereof by the Commission to the Trustee shall be sufficiently executed if executed in the name of the Commission by an authorized officer thereof.

SECTION 13.5. The Trustee may become the owner of any Bonds and coupons or act as bank or depositary (otherwise than under this Resolution) for or loan money to the Commission or any contractor or other person dealing with the Commission, or any owner of Bonds, or otherwise deal therewith in each case with the same rights it would have if it were not Trustee or acting in any other capacity hereunder. To the extent permitted by law, the Trustee may act as depositary for, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of Bondholders or to effect or aid in any reorganization growing out of the enforcement of the Bonds or this Resolution, whether or not any such committee shall represent the holders of a majority in principal amount of the Bonds then outstanding.

SECTION 13.6. The Commission shall pay to the Trustee from time to time reasonable compensation for all services rendered under this Resolution, and also all reasonable expenses, charges and other disbursements, including those of its attorneys and agents and experts retained by it, incurred in and about the performance of the Trustee's powers and duties under this Resolution and the Trustee shall

have a lien therefor on any and all funds at any time held by it under this Resolution prior to the lien of the Bonds or coupons. The Commission further agrees to indemnify and save the Trustee harmless against any liabilities which it may incur in the exercise and performance of its powers and duties hereunder, and which are not due to its own negligence or default.

All compensation, expenses, charges and other disbursements of the Trustee paid during construction and equipping of the Public Building shall be paid from the Construction Account and thereafter all compensation, expenses, charges and other disbursements of the Trustee shall be paid from the Maintenance and Operation Account provided by Section 9.1 of this Resolution.

SECTION 13.7. The Trustee may at any time resign and be discharged of the duties and obligations created by this Resolution by giving not less than sixty days' written notice to the Commission and publishing notice thereof specifying the date when such resignation shall take effect, once in each week for two successive calendar weeks in a daily newspaper published in the English language and of general circulation in the City of Chicago, Illinois, and such resignation shall take effect upon the day specified in such notice unless previously a successor shall have been appointed by the Commission.

SECTION 13.8. The Trustee may be removed at any time by an instrument or concurrent instruments in writing, upon sixty days' notice, filed with the Trustee and signed by the holders of a majority in principal amount of the Bonds then outstanding, or by their attorneys-in-fact duly authorized.

SECTION 13.9. In case at any time the Trustee shall resign or shall be removed or shall become incapable of acting, or shall be adjudged a bankrupt or insolvent, or if a receiver, liquidator or conservator of the Trustee, or of its property, shall be appointed, or if any public officer shall take charge or control of the Trustee, or of its property or affairs, a successor may be appointed by the Board or, if the Board does not act within thirty days, then by the holders of a majority in principal amount of the Bonds then outstanding, by an instrument in writing signed and acknowledged by the Board or by such Bondholders or by their attorneys-in-fact duly authorized and delivered to such successor Trustee, notification thereof being given to the predecessor Trustee. The Commission shall publish notice of any such appointment made by it once in each week for two consecutive calendar

weeks, in one daily newspaper published in the English language and of general circulation in the City of Chicago, Illinois, and in the City of New York, New York, the first publication to be made within twenty days after such appointment.

If in a proper case no appointment of a successor Trustee shall be made pursuant to the foregoing provisions of this Article 13 within forty-five days after the Trustee shall have given to the Commission written notice as provided in this Article 13 or after a vacancy in the office of the Trustee shall have occurred by reason of removal or its inability to act, the Trustee or the holder of any Bond may apply to any court of competent jurisdiction to appoint a successor Trustee. Said court may thereupon, after such notice, if any, as such court may deem proper and prescribe, appoint a successor Trustee.

Any Trustee appointed under the provisions of this Article 13 in succession to the Trustee shall be a bank or trust company organized under the laws of the State of Illinois or a national banking association, doing business and having its principal office in the City of Chicago, Illinois, and having a capital and surplus aggregating at least $10,000,000, if there be such a bank or trust company or national banking association willing and able to accept the office on reasonable and customary terms and authorized by law to perform all the duties imposed on it by this Resolution.

SECTION 13.10. Any successor Trustee appointed under this Resolution shall execute, acknowledge and deliver to its predecessor Trustee, and also to the Commission, an instrument accepting such appointment, and thereupon such successor Trustee, without any further act, deed or conveyance, shall become fully vested with all moneys, estates, properties, rights, powers, duties and obligations of such predecessor Trustee, with like effect as if originally named as Trustee, and the predecessor Trustee shall promptly furnish an accounting to and permit the successor Trustee to secure from the records of the predecessor Trustee, such information as may be required by the successor Trustee to perform its duties and obligations as such successor, and shall deliver to the successor Trustee instruments then in its possession for the inspection of the holders of Bonds; but the Trustee ceasing to act shall nevertheless, on the written request of the Commission, or of the successor Trustee, execute, acknowledge and deliver such instruments of conveyance and further assurance and do such other things as may reasonably be required for more fully and certainly vesting and confirming in such successor Trustee all the right,

title and interest of the predecessor Trustee in and to any property held by it under this Resolution, and shall pay over, assign and deliver to the successor Trustee any money or other property held by it under this Resolution subject to the trusts and conditions herein set forth, including all records and books of registry.

SECTION 13.11. Any company into which any Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which any Trustee may sell or transfer all or substantially all of its corporate trust business, provided such company shall be a bank or trust company organized under the laws of the State of Illinois or a national banking association and shall have an office for the transaction of its business in the City of Chicago and State of Illinois, and shall be authorized by law to perform all the duties imposed upon it by this Resolution, shall be the successor to such Trustee without the execution or filing of any paper or the performance of any further act.

SECTION 13.12. In case any of the Bonds contemplated to be issued under this Resolution shall have been authenticated but not delivered, any successor Trustee may adopt the Certificate of Authentication of any predecessor Trustee so authenticating such Bonds and deliver such Bonds so authenticated; and in case any of the said Bonds shall not have been authenticated, any successor Trustee may authenticate such Bonds in the name of the predecessor Trustee, or in the name of the successor Trustee, and in all such cases such certificate shall have the full force which it is in said Bonds or in this Resolution provided that the certificate of the Trustee shall have.

SECTION 13.13. The Commission shall promptly notify the Trustee, in writing, of the names and signatures of those of its officers and employees who are authorized by law and this Resolution to sign, countersign or execute all orders, certificates and other documents required to be signed, countersigned or executed by this Resolution.

All orders, certificates and other documents required by this Resolution to be signed, countersigned, executed or attested by a designated officer or employee of the Commission shall be equally effective if signed, countersigned, executed or attested by any other officers or employees of the Commission who may now or hereafter be authorized by law to sign, countersign, execute or attest to such orders, certificates and other instruments, upon submission to the Trustee of satisfactory evidence of such authority.

SECTION 13.14. Any moneys held by the Paying Agents which have not been disbursed in the payment of the principal of or interest on the Bonds within ten years from the final maturity of the Bonds issued under this Resolution shall be transferred to the Commission by the Paying Agents, and at the time of making such transfer the Paying Agents shall furnish the Commission with a schedule of the matured Bonds and the aggregate amount of the matured interest for each applicable interest maturity for the payment of which such moneys were being held. Upon making the transfer of such moneys, together with a schedule of unpaid or unredeemed Bonds or interest coupons, the Paying Agents shall be relieved of any further duty with respect to said matured Bonds or coupons; provided, however, the Paying Agents before paying over such moneys may require publication of notice in a newspaper published in the English language and of general circulation in the City of Chicago, Illinois that on a date specified such moneys will be turned over to the Commission pursuant to the provisions of this Section and thereafter holders of outstanding Bonds and coupons shall look only to the Commission for payment.

ARTICLE 14.

EVENTS OF DEFAULT.

SECTION 14.1. The Commission shall be in default under this Resolution if one or more of the following events (herein called "events of default") shall happen, to-wit:

(a) Failure to make due and punctual payment of the principal of any Bond when and as the same shall become due and payable;

(b) Failure to make due and punctual payment of any installment of interest on any Bond when and as such interest installment shall become due and payable, and such default shall have continued for a period of thirty days;

(c) Failure to make due and punctual payment or satisfaction of any required payments to the Sinking Fund Account within the fiscal year within which such payments shall become due and payable, and such failure shall have continued for a period of one hundred eighty days;

(d) The Commission shall unreasonably delay or fail to carry on with reasonable dispatch or discontinue the construction of the Public Building;

(e) The Commission shall for any reason be rendered incapable of fulfilling its obligations hereunder;

(f) Any substantial part of the Public Building shall be destroyed or damaged to the extent of impairing its efficient operation and adversely affecting its gross revenues and shall not with reasonable promptness be repaired, replaced or reconstructed (whether the failure to so repair, replace or reconstruct the same be due to the impracticability of such repair, replacement or reconstruction or to lack of funds therefor or for any other reason);

(g) Judgment for the payment of money shall be rendered against the Commission as a result of its ownership, control or operation of the Public Building and any such judgment shall not be discharged within ninety days from the entry thereof or an appeal shall not be taken therefrom or from the order, decree or process upon which or pursuant to which such judgment shall have been granted or entered, in such manner as to set aside or stay the execution of or levy under such judgment, order, decree or process or the enforcement thereof;

(h) Any proceeding shall be instituted, with the consent or acquiescence of the Commission, for the purpose of effecting a composition between the Commission and its creditors or for the purpose of adjusting the claims of such creditors, pursuant to any Federal or State statute now or hereafter enacted, if the claims of such creditors are under any circumstances payable from the Revenues of the Public Building; or

(i) The Commission shall fail in the due and punctual performance of any other of the covenants, conditions, agreements or provisions contained in the Bonds or in this Resolution on the part of the Commission to be performed, and such failure shall have continued for a period of ninety days after written notice specifying such failure and requiring same to be remedied shall have been given to the Commission by the Trustee, which may (but need not) give such notice in its discretion, and shall give such notice at the request of the holders of not less than ten per cent (10%) in aggregate principal amount of the Bonds then outstanding.

SECTION 14.2. If an event of default shall happen and be continuing, then and in each and every such case the holders of not less than twenty-five per cent (25%) in aggregate principal amount of the Bonds at the time outstanding shall be entitled, upon notice in writing to the Commission and to the Trustee, to declare the principal of

all of the Bonds then outstanding hereunder and the interest accrued thereon to be due and payable immediately, and upon any such declaration the same shall become and shall be immediately due and payable, anything in this Resolution or in the Bonds contained to the contrary notwithstanding.

SECTION 14.3. From and after the date of notice in writing of a default as hereinabove provided in Section 14.2, all of the Revenues and all sums then held or thereafter received by the Treasurer hereunder, shall be applied by the Treasurer and, to the extent then held or thereafter received by the Trustee, shall be applied by the Trustee in the order following and, if payment is made upon Bonds, upon presentation of the several Bonds and coupons, and the stamping thereon of the payment if only partially paid, or upon the surrender thereof if fully paid:

First, to the payment of current obligations incurred by the Commission, prior to notice, for Maintenance and Operation Expense, including all compensation, claims and expenses of the Trustee in carrying out the provisions of this Section 14.3 and all other services performed under this Resolution including reasonable compensation to its agents, attorneys and counsel, and then to the payment of the costs and expenses of the holders of the Bonds in declaring such event of default, including reasonable compensation to their agents, attorneys and counsel;

Second, in case the principal of the Bonds shall not have matured by their terms, or by declaration, to the payment of the interest in default in the order of the maturity of the installments of such interest, with interest on the overdue installments at the rate specified in the Bonds, such payments to be made ratably to the persons entitled thereto without preference or priority;

Third, in case the principal of the Bonds shall have matured by their terms, or by declaration, to the payment of the whole amount then owing and unpaid upon the Bonds for principal and interest, with interest on the overdue principal at the rate of interest specified in the Bonds and on installments of interest at the rate specified in the Bonds, and in case such moneys shall be insufficient to pay in full the whole amount so owing and unpaid upon the Bonds then to the payments so far as may be of such principal and interest without preference or priority of principal over interest, or of interest over principal, or of any installment of interest over any other installment of interest, ratably to the aggregate of such principal and interest.

SECTION 14.4. Subject to any contractual limitations binding upon the holders of any of the Bonds (including the provisions of Section 14.1, 14.2 and 14.5 hereof and any other limitations herein upon the exercise of any remedy to holders holding a specific proportion or percentage of the Bonds), any holder of Bonds shall have the right, for the equal benefit and protection of all holders of Bonds similarly situated:

(a) By suit at law or proceedings in equity to compel observance by the Commission or by any of its officers, agents and employees of any contract or covenant made by the Commission with the holders of Bonds and coupons as provided in this Resolution, and to compel the Commission and any of its officers, agents and employees, to perform any duties required to be performed for the benefit of the holders of the Bonds or coupons as provided by this Resolution and the Act, and to enjoin the Commission and any of its officers, agents or employees from taking any action in conflict with any contract or covenant with the holders of the Bonds and coupons as provided by this Resolution and the Act;

(b) By action or suit in equity to require the Commission to account as if it were the trustee of an express trust; or

(c) By action or suit in equity to enjoin any acts or things which may be unlawful or in violation of the rights of the holders of Bonds.

No remedy conferred hereby upon the Trustee or any holder of Bonds is intended to be exclusive of any other remedy, but each such remedy is cumulative and in addition to every other remedy and may be exercised without exhausting and without regard to any other remedy conferred hereby. No waiver of any default or breach of duty or contract by the holder of any Bond shall extend to or shall affect any subsequent default or breach of duty or contract or shall impair any rights or remedies thereon. No delay or omission of the Trustee or the holder of any Bond to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or acquiescence therein. Every right and every remedy conferred upon the Trustee or the holders of Bonds may be enforced and exercised from time to time and as often as may be deemed expedient. In case any suit, action or proceeding to enforce any right or exercise any remedy shall be brought or taken and then discontinued or abandoned, or shall be determined adversely to the Trustee or the holders of Bonds, then, and in every such case, the

Commission, the Trustee and the holders of Bonds shall be restored to their former positions and rights and remedies as if no such suit, action or proceeding had been brought or taken.

SECTION 14.5. The Trustee appointed hereunder may, but need not, act as a trustee to represent the Bondholders in the matter of exercising and prosecuting on their behalf such rights and remedies as may be available to such holders under the provisions of the Bonds and this Resolution as well as under the Act or other provisions of applicable law (and the successive respective holders of the Bonds and interest coupons, by taking and holding the same, shall be conclusively deemed to have so appointed the Trustee). Upon the event of any default or other occasion giving rise to a right in such trustee so to represent the Bondholders, such trustee may, but need not, take such action on behalf of the Bondholders as may seem appropriate to it and, upon the request in writing of the holders of not less than twenty-five per cent (25%) in principal amount of all the Bonds then outstanding, which request shall specify such default or occasion and the action to be taken by the trustee, and upon being furnished with indemnity satisfactory to it, such trustee shall take such action on behalf of the Bondholders as may have been so requested.

Except as in Section 14.4 provided, no holder of any Bond or of any interest coupon pertaining to any Coupon Bond shall have any right by virtue or by availing of any provision of this Resolution or the Act or other provisions of applicable law to institute any suit, action or proceeding, at law or in equity, for the appointment of any trustee in bankruptcy, receiver, liquidator or custodian of the Revenues and other funds pledged or held hereunder, unless such holder shall previously have given to the Trustee written notice of an existing default, and unless, also, there shall have been tendered to the Trustee security and indemnity satisfactory to it against all costs, expenses and liabilities which might be incurred in or by reason of such action, suit or proceeding, and unless, also, the holders of not less than twenty-five per cent (25%) in aggregate principal amount of all the Bonds then outstanding shall have requested the Trustee in writing to take action with respect to such default and the Trustee shall have declined (and the Trustee may decline) to take such action or failed so to do within thirty days thereafter; it being intended that no one or more holders of Bonds or interest coupons shall have any right in any manner to institute or prosecute any action, suit or proceeding for the appointment of a trustee in bankruptcy, receiver, liqui-

dator or custodian of the Revenues and other funds pledged or held hereunder, except in the manner herein provided, and for the equal, proportionate benefit of all holders of outstanding Bonds and interest coupons; provided that nothing contained in this Resolution or in the Bonds shall affect or impair the obligation to pay the principal of and the interest on the Bonds as in this Resolution provided, or shall affect or impair the right of action, which is absolute and unconditional, of the holders of the Bonds otherwise to enforce payment thereof by virtue of the contract embodied in the Bonds and in this Resolution and the Act and other applicable statutes and provisions of law, or to enforce any of the covenants or provisions in the Bonds, this Resolution, the Act, or other applicable statutes or provisions of law, except as hereinabove provided with respect to suits, actions or proceedings for the appointment of any trustee in bankruptcy, receiver, liquidator or custodian of the Revenues and other funds pledged or held hereunder.

SECTION 14.6. The Trustee is hereby appointed (and the successive respective holders of the Bonds and interest coupons issued hereunder, by taking and holding the same, shall be conclusively deemed to have so appointed it) the true and lawful attorney-in-fact of the respective holders of the Bonds and interest coupons, with authority, which it may but need not exercise, to make or file, irrespective of whether the Bonds or any of them are in default as to payment of principal or interest, in the respective names of the holders of the Bonds or interest coupons, or in behalf of all holders of the Bonds, or of interest coupons pertaining to the Bonds, as a class or classes, any proof of debt, amendment of proof of debt, petition or other document, to receive payment of any sum or sums becoming distributable on account thereof, and to execute any and all other papers and documents and to do and perform any and all acts and things for and in behalf of the respective holders of the Bonds or interest coupons, or in behalf of such holders as a class or classes, as may be necessary or advisable in the opinion of any such attorney-in-fact in order to have the respective claims of such holders of Bonds or interest coupons allowed in any equity receivership, insolvency, liquidation, bankruptcy or other similar proceedings to which the State of Illinois or the Commission may at any time be a party, and to receive payment of or on account of such claims; and each and every receiver, assignee or trustee in bankruptcy is hereby authorized by each of the respective holders of the Bonds and interest coupons to make such payments to such attorney-in-fact, and, in the event that such attorney-in-fact shall consent to the making of such payments directly to such holders, to pay to such attorney-in-fact any amount

which may be due to it for compensation and expenses, including counsel fees, incurred by it up to the date of such distribution.

Anything in the foregoing to the contrary notwithstanding, the Trustee need not act or advance its own moneys unless in each case indemnified to its reasonable satisfaction.

ARTICLE 15.

Modification and Amendment.

Section 15.1. This Resolution and the rights and obligations of the Commission and of the holders of the Bonds may be modified or amended at any time by resolution supplemental hereto adopted by the Board pursuant to an affirmative vote at a meeting of the Bondholders held in accordance with this Section, or with the written consent, without a meeting, of the holders of sixty-six and two-thirds per cent (66⅔%) of the principal amount of all of the Bonds then outstanding; provided that no such modification or amendment shall extend the maturity of or reduce the interest rate on, or otherwise alter or impair the obligation of the Commission to pay the principal or interest at the time and place and at the rate and in the currency provided therein of any Bond, without the express consent of the holder of such Bond, nor permit the creation by the Commission of any mortgage or pledge or lien upon the Public Building, or upon the Revenues held or pledged hereunder, other than the lien and pledge created by this Resolution, nor permit the creation of a preference or priority of any Bond or Bonds over any other Bond or Bonds, nor reduce the percentage of Bonds required for the affirmative vote or written consent to an amendment or modification, nor, without the written assent of the Trustee thereto, modify any of the rights, immunities or obligations of the Trustee at any time acting hereunder.

Section 15.2. The Commission may at any time call a meeting of the holders of the Bonds. Every such meeting shall be held in the City of Chicago, State of Illinois, at such time and place as may be specified in the notice calling such meeting. Written notice of such meeting, stating its time and place and in general terms the business to be submitted, shall be given by the Secretary of the Commission to the Trustee who shall mail a copy of such notice, postage prepaid, not less than thirty nor more than sixty days before such meeting, (a) to each registered owner of Bonds then outstanding, at his address, if any, appearing on the books of registration, and (b) to each holder of any Bond

payable to bearer who shall have filed with the Trustee as Bond Registrar an address for notices, and such notice shall be published by the Secretary at least once a week for two successive calendar weeks in a daily newspaper having a general circulation in the City of Chicago, Illinois, and in New York City, New York, the first publication to be not less than thirty nor more than sixty days prior to the meeting; provided, however, that the mailing of such notice shall in no case be a condition precedent to the validity of any action taken at such meeting.

SECTION 15.3. Attendance and voting by Bondholders at such meeting may be in person or by proxy. Owners of Registered Bonds may, by an instrument in writing under their hands, appoint any person as their proxy to vote at any meeting for them.

SECTION 15.4. The Commission may with the consent of the Trustee make and from time to time vary such rules and regulations as it shall deem proper for the authentication of proxy voters, including rules and regulations covering authentication of Bondholders' consents by fiduciaries and other representatives, and shall keep copies of such rules and regulations on file in the office of the Trustee and of the Secretary. Representatives of the Commission and the Trustee may attend such meetings and take part therein, but shall not be entitled to vote thereat.

SECTION 15.5. Persons named by the Commission shall act as temporary chairman and secretary of any Bondholders meeting. A permanent chairman and secretary shall be selected by the Bondholders and proxies present by a majority vote of the aggregate principal amount of Bonds represented. The permanent chairman of the meeting shall appoint two inspectors of votes who shall count all votes cast at the meeting, except votes on the election of chairman and secretary as aforesaid, and who shall make and file with the secretary of the meeting their verified written report of the votes so cast at the meeting. The ballots, if any, cast at the meeting shall not be attached to such election report but shall be filed separately with the Commission.

SECTION 15.6. The holders of not less than sixty-six and two-thirds per cent (66⅔%) in principal amount of all Bonds outstanding shall constitute a quorum for the transaction of business. Less than a quorum, however, shall have power to adjourn from time to time without any other notice than the announcement thereof at the meeting;

provided, however, that if such meeting is adjourned by less than a quorum for more than thirty days, notice thereof shall forthwith be mailed by the Secretary at least seven days prior to the adjourned date of the meeting, in the manner provided in Section 15.2 and such notice shall be published by the Secretary in the manner provided in said Section 15.2 at least once in each thirty day period of such adjournment. The failure to mail such notice as aforesaid shall in no case affect the validity of any action taken at any meeting held pursuant to such adjournment.

SECTION 15.7. A record, in duplicate, of the proceedings of each meeting of Bondholders shall be prepared by the permanent secretary thereof and shall have attached thereto the original reports of the inspectors of votes and affidavits by a person or persons having knowledge of the facts, showing a copy of the notice of the meeting and setting forth the facts with respect to the mailing and publication thereof under the provisions of Section 15.2 and, in a proper case, under the provisions of Section 15.6. Such a record shall be signed and verified by the affidavits of the permanent chairman and the permanent secretary and shall be delivered to the Trustee and the Secretary. Any records so signed and verified shall be conclusive proof of the matters therein stated. Copies of any resolution adopted by such meeting shall be furnished to and mailed by the Trustee, to each registered owner of Bonds and to the holders of any bearer Bonds who shall have filed with the Trustee an address for notices (but failure so to mail copies of such resolution shall not affect the validity of such resolution) and notice of the fact of the adoption of such resolution (stating that a copy thereof is available for inspection at the office of the Trustee) shall be published by the Secretary at least once a week for two successive calendar weeks in a daily newspaper published in the English language and having a general circulation in Chicago, Illinois, and also by like publication in a newspaper published in New York City, New York, the first publication in each case to be made not more than ten days after the date of the adoption of such resolution. Proof of such mailing and publication by the affidavit or affidavits of a person or persons having knowledge of the facts shall be filed with the Trustee and the Secretary. No such resolution adopted by such meeting shall be binding unless a valid resolution of the Commission be passed containing the modifications or amendments authorized by the resolution adopted by such meeting. A copy of said resolution of the Commission, certified by its Secretary, shall be filed with

the Trustee. If such resolution of the Commission is adopted, then it shall be deemed conclusively to be binding upon the Commission, and the holders of all Bonds and coupons (except as otherwise hereinabove specifically provided in this Section) at the expiration of sixty days after such filing, except in the event of a final decree of a court of competent jurisdiction setting aside the resolution adopted by such meeting of Bondholders or annulling the action taken thereby in a legal action or equitable proceeding for such purpose commenced within such sixty day period. Nothing in this Section shall be deemed to authorize or permit, by reason of any call of a meeting of Bondholders or of any right expressly or impliedly conferred hereunder to make such call, any hindrance or delay in the exercise of any right or rights conferred upon or reserved to the Trustee, or to the Bondholders, under any of the provisions of this Resolution or of any resolution amendatory hereof or supplemental hereto or of the Bonds issued hereunder.

SECTION 15.8. The Commission may at any time adopt a valid resolution amending the provisions of the Bonds or of this Resolution or of any resolution amendatory hereof or supplemental hereto to the extent that such an amendment is permitted by the provisions of Section 15.1, to take effect when and as provided in this Section. A copy of such resolution, together with a request of the Commission to Bondholders for their consent thereto, shall be mailed by the Trustee to each registered owner of Bonds and to the holders of any Bonds who shall have filed with the Trustee an address for such notices, and notice of the adoption thereof shall be published in the manner provided in Section 15.2 for the mailing and publication referred to in that Section (but failure to mail copies of such resolution and request shall not affect the validity of the resolution when assented to as in this Section provided). Such resolution shall not be effective unless and until there shall have been filed with the Trustee the written consents of the percentage of holders of outstanding Bonds specified in Section 15.1, and a notice shall have been published as hereinafter in this Section provided. Each such consent shall be effective only if accompanied by proof of ownership of the Bonds for which such consent is given, which proof shall be such as is permitted by Section 15.4. Any such consent shall be binding upon the holder of the Bonds giving such consent and on any subsequent holder of such Bonds (whether or not such subsequent holder has notice thereof) unless such consent is revoked in writing by the holder giving such consent or a subsequent holder by filing such revo-

cation with the Trustee prior to the first date when the notice hereinafter in this Section provided for has been published. After the holders of the required percentage of Bonds shall have filed their consents to the resolution, the Trustee shall mail and the Secretary shall publish a notice to the Bondholders in the manner provided in Section 15.2 for the mailing of notice of the resolution adopted at a meeting of Bondholders and publication of a notice of adoption thereof referred to in said Section (but failure to mail copies of said notice shall not affect the validity of the ordinance or consents thereto) stating in substance that the resolution has been consented to by the holders of the required percentage of Bonds and will be effective as provided in this Section. A certificate of the Trustee reciting compliance with the provisions hereof shall be filed with the Commission and shall be conclusive proof of the matters therein stated and the resolution shall be deemed conclusively binding upon the Commission, the Trustee and the holders of all Bonds and coupons at the expiration of sixty days after the filing with the Commission of the certificate as aforesaid, except in the event of a final decree of a court of competent jurisdiction setting aside such consent in a legal action or equitable proceeding for such purpose commenced within such sixty day period.

SECTION 15.9. Bonds authenticated and delivered after the effective date of any action taken as provided in this Article 15 may bear a notation, by endorsement or otherwise in form approved by the Commission and the Trustee as to such action, and in that case, upon demand of the holder of any Bond outstanding at such effective date and presentation of his Bond for the purpose at the office of the Trustee, a suitable notation shall be made on such Bond by the Trustee as to any such action. If the Commission shall so determine, new Bonds so modified as to conform to such Bondholders' action shall be prepared and authenticated, and upon demand of the holder of any Bond then outstanding shall be exchanged at the principal office of the Trustee in the City of Chicago, Illinois, without cost to any Bondholder, for Bonds then outstanding, upon surrender of such Bonds with all unmatured coupons appertaining thereto.

SECTION 15.10. Bonds owned or held by or for the account of the Commission shall not be deemed outstanding for the purpose of any vote or consent or other action or any calculation of outstanding Bonds in this Article provided for, and shall not be entitled to vote or consent or take any other action in this Article provided for.

ARTICLE 16.

Operating Budget.

Section 16.1. The Commission, not less than seventy-five (75) days preceding the beginning of each fiscal year (or portion thereof as established by this Resolution after the date of completion of the Public Building as shown by the Certificate of Completion filed with the Trustee, as required by Section 7.6 of this Resolution), shall prepare and adopt a budget covering maintenance and operation expenses for the ensuing fiscal year in an amount not to exceed the amount shown in the following schedule for said fiscal year, as follows:

Fiscal Year Beginning January 1	Amount
1965	$1,225,462
1966	2,461,909
1967	2,560,838
1968	2,563,056
1969	2,574,757
1970	2,659,663
1971	2,661,618
1972	2,664,755
1973	2,752,397
1974	2,765,340
1975	2,809,569
1976	2,903,155
1977	2,906,694
1978	2,909,475
1979	3,018,937
1980	3,021,848
1981	3,024,409
1982	3,127,514
1983	3,130,099

plus any unencumbered amount the Commission may reasonably estimate will remain to the credit of the Maintenance and Operation Account at the end of the current fiscal year.

A certified copy of such annual budget as adopted shall be filed not less than seventy (70) days prior to the beginning of the fiscal year with the City, County and the Trustee, and be mailed by the Commis-

sion to any Bondholder who shall have filed his name and address with the Secretary for that purpose.

In the event the Commission by resolution determines that the budget as adopted will not provide sufficient funds to properly maintain and operate the Public Building and provide the services contemplated by the Lease hereto attached, then the Commission shall prepare and adopt a proposed supplement to the budget showing the additional funds necessary and file certified copies thereof with the Trustee and with the City and the County for appropriate action by the City and the County, under the provisions of paragraph 6 of the Lease hereto attached. If the City and the County agree to supply as additional rent the funds necessary to cover the amount set out in the proposed supplement to the budget, then such supplement shall be considered as adopted by the Commission without further action and shall thereupon constitute a part of the budget for such fiscal year. Certified copies of the agreements of the City and the County approving and authorizing the additional rentals necessitated by the supplemental budget shall be filed with the Trustee and the Commission. Funds paid by the City and the County as additional rent shall be credited by the Trustee to the Maintenance and Operation Account created by Section 8.2 of this Resolution. Expenditures from the budget in excess of the amount of the budget as originally adopted shall only be made to the extent the payments are made by the City and the County as herein provided and credited to the Maintenance and Operation Account.

If for any reason the Commission shall not have adopted a budget prior to the beginning of any fiscal year, the budget for the preceding fiscal year shall, until the adoption of a budget, be deemed to be in force and be deemed to be the budget for the current fiscal year under the provisions of this Resolution.

Expenses in any fiscal year shall not be incurred in excess of the sum of any balance remaining to the credit of the Maintenance and Operation Account at the beginning of said fiscal year plus the amount credited to said account during said fiscal year according to the provisions of Section 8.2.

ARTICLE 17.

Sale of Bonds.

Section 17.1 That as soon after this Resolution becomes effective as may be, the Bonds herein authorized shall be sold by the Board in

such manner as it may hereafter determine and the award of the sale of said Bonds shall be made to the acceptable bidder on the basis of the lowest interest cost to the Commission; provided, however, that the price for such Bonds shall be not less than par and accrued interest to date of delivery, and the execution and delivery of said Bonds shall be subject to execution, by the date of delivery of the Bonds, of the Lease with the City of Chicago and The County of Cook for use of space in said Public Building providing for annual rental payments sufficient with any other income which may be derived from the operation of said Public Building to maintain and operate said Public Building and to amortize and pay the principal of and interest on the Bonds herein authorized as the same become due.

If the acceptable bidder offers to purchase said Bonds bearing interest at a lower rate or rates than the maximum herein provided, then the Board shall adopt a resolution fixing the interest rate or rates on such Bonds in accordance with the terms of the acceptable offer to purchase the same and directing the officers of the Commission to execute and deliver said Bonds to such purchaser bearing interest at such lower rate or rates so specified by the acceptable bidder.

ARTICLE 18.

Section 18.1. If any section, paragraph, clause or provision of this Resolution shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Resolution.

LEASE

THIS LEASE AGREEMENT (hereinafter referred to as the "Lease") made this First day of July, 1963, between the Public Building Commission of Chicago, a municipal corporation of the State of Illinois, duly organized and existing pursuant to "An Act to authorize the creation of Public Building Commissions and to define their rights, powers and duties", approved July 5, 1955, as amended (hereinafter referred to as the "Commission"), the City of Chicago, Cook County, Illinois, a municipal corporation of the State of Illinois (hereinafter referred to as the "City"), and The County of Cook, Illinois, a body politic and corporate of the State of Illinois (hereinafter referred to as "County");

WITNESSETH:

WHEREAS the Commission has been incorporated as aforesaid, pursuant to "An Act to authorize the creation of Public Building Commissions and to define their rights, powers and duties", approved July 5, 1955, as amended (which legislation is hereinafter referred to as the "Act") by reason of an urgent need for modern public buildings and facilities in the County Seat of Cook County, Illinois; and

WHEREAS the Board of Commissioners of the Public Building Commission of Chicago, did, by proper resolution adopted on June 8, 1959, pursuant to the terms and provisions of the Act, select, locate and designate the following described area as a site for the erection of a Public Building for the purposes set forth in the Act, to wit;

> Block 38 of the original Town of Chicago in the Southeast ¼ of Section 9, Township 39 North, Range 14 East of Third Principal Meridian, platted by Canal Commissioners on August 4, 1830, all in Cook County, Illinois.

which action was duly approved by a majority of the members of the City Council of the City of Chicago, Illinois, on April 27, 1960; and

WHEREAS the fee simple title to the above described premises is now owned by the Public Building Commission of Chicago; and

WHEREAS the City and the County are presently occupying buildings and facilities that are inadequate and outmoded, and that such conditions impair the efficient, economical and indispensable governmental functions of said City and County; and

WHEREAS the Commission has caused to be prepared plans and specifications for a Public Building which it intends to erect subject to the provisions hereinafter set forth, which plans and specifications are dated April 24, 1963 and are now on file in the office of the Commission and by reference made a part of this instrument; and

WHEREAS the total cost of site acquisition, constructing and equipping said Public Building, including without limiting the generality of the foregoing, architectural, engineering, legal and financing costs, and an amount sufficient to pay the required interest on Revenue Bonds during the period of construction, is estimated to be Eighty-Seven Million Dollars ($87,000,000), which sum is to be provided from the proceeds derived from the sale of Revenue Bonds heretofore sold by the Commission pursuant to the terms and conditions of the Act in the aggregate principal sum of Eighty-Seven Million Dollars ($87,000,000); and

WHEREAS to provide the necessary revenues for the payment of said Bonds, for the payment of all interest that said Bonds may accrue, and for the payment of costs of operation and maintenance, it is necessary for the Commission to enter into this Lease, whereby the Commission will lease to the City and the County space in such Public Building for a term as hereinafter set forth;

WHEREFORE in consideration of the promises and covenants herein made by each of the parties hereto and for other good and valuable consideration, it is covenanted and agreed by the said parties hereto, as follows:

(1) To carry out the construction of the Public Building and the financing thereof in accordance with the provisions of the Act, the following actions shall be taken by the Commission:

(A) The Commission shall, with reasonable promptness, upon the execution of this Lease and pursuant to Section Fifteen (15) of the Act, provide for the execution and delivery to the purchasers of the Revenue Bonds authorized pursuant to Resolution No. 86 of the Commission adopted June 6, 1963, entitled "RESOLUTION authorizing and providing for the issue of $87,000,000 Public Building Revenue Bonds, Series of 1963, of the Public Building Commission of Chicago, Cook County, Illinois, for the purpose of acquiring a site and constructing and equipping a Public Building thereon and providing for the payment of said Bonds" (hereinafter referred to as the "Bond Resolution" and made a part hereof by reference.).

(B) The Commission shall immediately apply the proceeds derived from the sale of said Bonds pursuant to the terms of the Act and the Bond Resolution referred to above.

(C) The Commission shall also as soon as is practicable enter into and execute such contract or contracts as may be required for the construction of the Public Building in accordance with the provisions of said Act.

(D) The Commission shall require and procure from the contractor or contractors undertaking the construction of the Public Building, necessary and proper bonds to guarantee the performance of said contract in such amount and in such form as may be approved by the Commission.

(E) The Commission shall require and procure from the contractor or contractors undertaking any part of the constructing and equipping of the Public Building, waivers of all liens or rights of lien for labor and materials furnished by it or them in the said constructing and equipping of said Public Building and shall further procure from the said contractor or contractors all material and equipment guarantees as may be required by the specifications for the constructing and equipping of said Public Building.

(2) In consideration of the rentals and other terms and conditions herein specified, the Commission does hereby lease and demise to the City those portions of the Public Building allocated to its use as speci-

fied in the statement appended hereto, marked Exhibit "A" and made a part hereof, to hold for a term of occupancy commencing on July 1, 1965, and ending on December 31, 1983.

(6) The Commission shall on or before seventy (70) days preceding the first day of each fiscal year during the term of this Lease file with the City and the County a certified copy of the annual budget of the Commission, as required by and provided for in Section 16.1 of said Bond Resolution, referred to in the preambles of this Lease and made a part hereof by reference.

In the event the Commission by resolution determines that the budget as adopted will not provide sufficient funds to properly maintain and operate the Public Building and provide the services contemplated by this Lease, as set forth in Exhibit "C" hereto attached and the Commission shall have prepared and adopted a proposed supplemental budget in accordance with the provisions of Section 16.1 of said Bond Resolution hereinabove referred to and certified copies have been filed with the City and the County, the City and the County after receiving such supplemental budget may elect and by proper action of their governing bodies appropriate in their annual budget to be next adopted an amount sufficient to pay their proportionate shares of such supplemental budget as additional rental under the terms of this Lease. Unless the City and the County notify the Commission and submit to such Commission proper evidence of their action to pay said additional sums, then the Commission shall reduce the extent and frequency of any of the services enumerated in Exhibit "C"

hereto attached and thereby effect a balanced budget between anticipated income available for maintenance and operation and budgeted expenses for such year.

(7) The City and the County in their sole discretion, may pay in advance any proportion of their respective annual rentals in which event the Commission shall credit the City or the County with such advanced payment and any and all advanced payments so made shall be credited against any rentals thereafter falling due as the City and the County may direct.

(8) Upon the execution of this Lease, the City and the County, by their respective governing bodies, shall provide by resolution or ordinance for the levy and collection of a direct annual tax sufficient to pay their respective annual rents payable under this Lease, as and when such rents become due and payable, and immediately file in the office of the County Clerk of Cook County, Illinois, a certified copy of this Lease and a certified copy of the aforesaid tax levying ordinance or resolution, which certified copies shall constitute the authority for the County Clerk of Cook County, Illinois, to extend the taxes annually necessary to pay the annual rents under this Lease as and when they become due and payable, in addition to and in excess of all other taxes to be levied by the said City and the County. The funds realized by the City and the County from such tax levies shall not be disbursed for any purpose other than the payment of the rentals reserved in this Lease.

(9) If the Commission by resolution determines that sufficient funds are not available to complete the constructing and equipping of the Public Building, or any part thereof, and that it will be necessary to issue additional Bonds pursuant to Article 12 of the Bond Resolution, and the City and the County refuse to enter into supplemental leases to increase the annual rental payments provided for herein by an amount sufficient to pay maintenance and operation expenses and amortize said additional Bonds, then the Commission shall cause such Public Building to be completed with such modifications and eliminations as may be required by such lack of funds. However, the terms and conditions of this Lease, including the annual rental payments hereunder, shall remain in full force and effect.

(10) The Commission will use its best efforts to complete the Public Building at the earliest possible date and to tender possession of the space in said Public Building leased hereby not later than July 1, 1965, but failure to deliver such possession by such date shall not relieve the City and the County of their obligations to pay the

fixed annual rentals provided for herein. Determination of the dates on which the City and the County may assume possession shall be within the sole judgment of the Commission and written notice of such dates shall be served on the City and the County at least sixty (60) days prior thereto. It shall be the responsibility of the Commission prior to possession by the City and the County to clean the premises thoroughly.

(11) Prior to the time of taking actual possession the City and the County shall have access at all reasonable times to the demised premises for the purposes of planning and installing furnishings and equipment which the City and the County may wish to install prior to taking possession.

(12) If in the judgment of the Commission, practical considerations during the period of construction of the Public Building require minor changes in said plans and specifications, the Commission may make such changes.

(13) The cost of moving into the demised premises shall be at the City's and the County's sole expense, but the actual operation of moving shall be under the direction and supervision of the Commission. The City and the County, or their respective agents, shall provide such moving equipment as the Commission may reasonably request and shall be responsible to the Commission for any damage or defacement of the Public Building caused by either the City or the County or any of its workmen during such moving. All deliveries of supplies to said City or County, equipment or the like, shall during the term of this Lease, be subject to such reasonable rules and regulations governing the same as the Commission may, in the future, promulgate.

(14) The City and the County may install in the space occupied by them in accordance with the terms of this Lease, such portable equipment, fixtures or furniture as it may desire, but shall not make any alterations or additions to the Public Building leased without the written consent of the Commission.

The City and the County shall not place a load upon any floor of the demised premises exceeding the floor load per square foot area which such floor was designed to carry. The Commission reserves the right to prescribe safe floor loading regulations with respect to the weight and position of all equipment and other objects which must be placed so as to distribute the weight.

(15) The Commission shall operate and maintain and keep in repair the Public Building and the site in accordance with the rental

terms of this Lease. Operation and maintenance shall be deemed to include, but not to the exclusion of other items not herein specified, elevator service, water, heat, air conditioning, janitor and caretaking services. Charges for light and electrical power will be billed directly to the Lessee by the utility and the Lessee shall have no right of reimbursement against the Commission. Insurance premiums on building insurance as hereinafter specified, administrative expenses of the Commission, including salaries and wages of regular and extra employees, and expenses of management, shall also be deemed an operation and maintenance expense. A schedule of cleaning, janitorial and caretaking services is set forth in Exhibit "C", attached hereto and made a part hereof. Any repairs, however, necessitated by the carelessness, omission, neglect, or improper conduct of the City or the County, their servants, employees or agents, shall be made at the expense of said City or County.

The Commission shall have access, into, through and upon the demised premises for the purpose of operation, maintenance, decoration, repair and inspection provided that such access, except in case of emergency, shall be on reasonable notice and at reasonable time so as to minimize the interference with the operation of business in the demised premises.

(16) The City and the County covenant and agree that they, respectively, will not permit the use of the leased premises in any manner that will increase the rate of insurance thereon, or for any purpose which will result in a violation of State or Federal laws, rules or regulations, or resolutions or ordinances of the City of Chicago or of The County of Cook, now or hereafter in force and applicable thereto. The City and the County further covenant and agree that they will promptly reimburse the Commission for any and all changes and alterations in and about their respective leased premises, which, during the term of this Lease, may be required to be made at any time by reason of the ordinances of the City of Chicago, Illinois, resolutions of The County of Cook, Illinois, or State or Federal laws; and will save the Commission harmless and free from all costs or damage in respect thereto.

(17) The Commission reserves the right to interrupt service of the heating, air conditioning, elevator, plumbing and electric systems when necessary by reason of accident or emergency until emergency repairs have been made, providing such emergency repairs are made with due diligence. The Commission shall if practicable notify the City

and the County of the interruption, the reason for it, and the estimated time it will take to make emergency repairs. Other repairs, maintenance, alterations, replacements and improvements shall be made at reasonable times so as to minimize the interference with operations. The Commission shall have no responsibility or liability whatsoever for failure to supply heat, air conditioning, elevator and plumbing service when prevented from doing so by strikes, accidents or by any other cause beyond Commission's control or by laws, orders or regulations of any Federal, State or municipal authority, or failure or inability to obtain heat or a suitable supply of fuel or by failure of the City or the County to agree to pay the additional rentals requested by the Commission under the provisions of paragraph (6) of this Lease.

(18) The Commission shall provide liability insurance in an adequate amount protecting the Commission against loss on account of injury or damage to persons or property, imposed by reason of the ownership of the Public Building or site, or resulting from any act of omission or commission on the part of the Commission, its agents, officers and employees, in connection with the maintenance and repair of such Public Building and site or the furnishing of any service to the City or the County.

(19) The Commission will not carry insurance of any kind on furniture or furnishings or on any fixtures, equipment, improvements or appurtenances removable by the City or the County under the provisions of this Lease and the Commission shall not be obligated to repair any damage thereto resulting from fire or other casualty or replace the same if destroyed by fire or other casualty.

(20) All officers and employees of the Commission authorized to receive or retain the custody of money or to sign vouchers, checks, warrants or evidences of indebtedness on behalf of the Commission, shall be bonded for the faithful performance of their duties and the faithful accounting of all moneys and other property that may come into their hands, in an amount to be fixed and in a form to be approved by the Commission.

The Commission will maintain and keep proper books of record and accounts separate from all other records and accounts, in which shall be made full and correct entries of all transactions relating to the Public Building. Not later than one hundred and twenty days after the close of each fiscal year, the Commission will cause an annual audit of its books, records and accounts for the preceding fiscal year to be made by an independent certified public accountant and will mail a copy

of such audit report to the City and the County. Such books, records and accounts shall be open for inspection to the City and the County at all reasonable times.

(21) No portion of the funds paid by the City and the County to said Commission shall be used for any purpose inconsistent with the conditions of this Lease.

(22) Any notice or any demand required or permitted by the Resolution shall be served in the following manner:

(a) By delivering a duly executed copy thereof to the Chairman or Secretary of the Commission, if the Commission is being served; or to the City Clerk, if the City is being served; or to the County Clerk, if the County is being served; or

(b) By depositing a duly executed copy thereof in the United States mails, by registered or certified mail, duly addressed to the Commission, City, or County, as the case may be.

Service by such mailing shall be deemed sufficient if addressed to the Commission, City, or County, as the case may be, at such address as the Commission, City, or County, may have last furnished the Trustee in writing and until a different address shall be so furnished, by mailing the same as aforesaid, addressed, as the case may be, as follows:

Chicago 2, Illinois

(Personal name)
City Clerk of Chicago
Room 107, City Hall
Chicago 2, Illinois

(Personal name)
County Clerk of Cook County
Room 233, 118 North Clark Street
Chicago 2, Illinois

(23) The leasehold rights, duties and obligations of the City and the County, as specified in this Lease Agreement, shall not be assigned or sublet in whole or in part during the term of this Lease Agreement, or while any revenue bonds of the Commission are outstanding and

unpaid, except that the City or the County may sublease all or part of the space leased by it if the Commission agrees to such sublease and if such sublease is permitted by law.

(24) This Lease Agreement shall inure to the benefit of and be binding upon the respective parties hereto, their successors and assigns and shall also inure to the benefit of the holders of any of the Bonds of the Commission referred to herein, as their interests may appear.

(25) If in any fiscal year the rental payments herein provided for are insufficient to provide the funds necessary to perform the services and maintain and operate the Public Building to the extent provided in the budget adopted for said fiscal year, failure by the Commission to maintain and operate the Public Building to the extent provided for in said budget shall not constitute a default under the terms of this Lease, but in such case the Commission shall provide in its sole discretion such essential services as can be had by the use of such funds as may be available for that purpose.

(26) In the event any covenant, phrase, clause, paragraph, section, condition or provision herein contained is held to be invalid by any court of competent jurisdiction, the invalidity of any such covenant, phrase, clause, paragraph, section, condition or provision shall in no way affect any other covenant, phrase, clause, paragraph, section, condition or provision herein contained.

IN WITNESS WHEREOF, the Public Building Commission of Chicago, by its Chairman, the City of Chicago, by the Mayor, and The County of Cook, by the President of the Board of Commissioners, have each caused its name to be signed to this instrument and its seal to be affixed and attested thereto by its duly authorized officers, the day and year first above written. This Lease Agreement has been executed in several counterparts, each of which may be considered as an original.

OFFICE OF THE MAYOR

August 22, 1963.

To the Honorable, The Members of the City Council of the City of Chicago:

GENTLEMEN—I transmit for your consideration, a proposed ordinance which would authorize the Chicago Housing Authority to acquire twelve sites to accommodate approximately 2,100 units of housing for elderly persons of low income. I have been

informed that these sites meet with the approval of the Commissioners of the Chicago Housing Authority as well as the Department of City Planning.

In view of the shortage of housing for elderly persons of low income and the limited number of units available in the Housing Act of 1961, I urge your early and favorable consideration of this proposed ordinance.

Very truly yours,
(Signed) RICHARD J. DALEY,
Mayor.

Mayor Authorized to Appoint Citizens' Committee to Develop Plans, Conduct Fund Raising Programs, Etc. for U.S. Air Force-Army Football Game in Chicago.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council, submitted the following proposed resolution:

WHEREAS, One of the most spectacular events ever held in Chicago was the Army-Navy football game played in Soldier Field in 1926 and battled to a 21-21 tie; and

WHEREAS, This meeting of the Service Academies football teams afforded Chicago the opportunity to be host to the 1,000 cadets from West Point and the 1,000 middies from Annapolis; and

WHEREAS, Walter Eckersall, one of the great football players and sports writers of all time, in writing of the game predicted that the Army-Navy game would stay forever in the memory of the 111,000 persons who attended the game and that the huge gathering would relate many times the spectacular entrance of the cadets and middies to the playing field. Eckersall wrote: "These and many other events helped make that great game the most spectacular and nerve-wracking ever played."; and

WHEREAS, The 1926 game was the last appearance in Chicago of the student bodies of the Service Schools, about which appearance in Soldier Field the great James O'Donnell Bennett wrote: "There they stood in the blast—the republic's fortress of youth, the mental and physical flower of the land"; and

WHEREAS, On November 2, 1963, thirty-seven years later, two of the football teams of the Service Schools, the United States Military Academy and the United States Air Force Academy, with the cadet ranks now grown to 5,000 of our finest youth, as then, our republic's fortress of youth, will again present for Chicago and the nation a game and military spectacle which cannot be matched anywhere else in the nation; and

WHEREAS, In 1926 Chicago set a pattern for hospitality which has never been surpassed since; now, therefore,

Be It Resolved, That the Mayor be authorized to appoint a citizens' committee representative of all Chicago, empowered to mobilize all existing agencies and facilities to coordinate and develop plans, to conduct campaigns for public support, to raise funds from private sources as needed, that the Air Force-Army game may be carried through in a manner to match and even surpass the brilliance of the Army-Navy game of 1926.

Alderman Sheridan moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action thereon of the foregoing proposed resolution. The motion *Prevailed.*

Alderman Sheridan (seconded by Alderman Metcalfe) moved to adopt said proposed resolution. The motion *Prevailed,* unanimously.

The above elevations as fixed shall be measured from Chicago City datum as established by the City Council of the City of Chicago.

The roadway(s) of the several street(s) heretofore specified between the points herein described, also the roadway(s) of all intersecting alley(s) extended from the curb line to the street line on each side of said specified street(s) between the points herein describde. shall be so graded by cutting for filling and compacted by rolling with a roller of ten (10) tons weight that after the grading of the roadbed(s) is completed and the pavement herein described placed thereon, the surface of the finished pavement at the center of the roadway of each of said specified street(s) shall be at the elevation of the top of the curbing herein described; and the surface of the said finished pavement at the summits in the gutters between catchbasins and adjoining the roadway face of the curbing shall be three (3) inches below the top of said curbing, and at the catchbasin inlets in the gutters adjoining the roadway face of the curbing shall be nine (9) inches below the top of said curbing. The slope of the gutters adjoining the roadway face of said curbing shall be uniform from the summits to the catchbasin inlets.

A transverse section of the surface of the finished pavement and gutters shall be an arc of a circle passing through the said gutter elevations and the elevation of the center of said finished roadway at every part of the roadway of each of said specified street(s) between the points herein described.

In all intersecting alley(s) herein specified at the street line(s) of said specified street(s) the surface of the finished pavement adjoining the curbing shall be even with the top of the curbing, and the surface of the finished pavement at the center of the roadway(s) of said alley(s) shall be three (3) inches below the top of the curbing; and a transverse section of the surface of the finished pavement at the street line(s) of said specified street(s) shall be an arc of a circle passing through the surface of the pavement adjoining said curbing and the surface of the pavement at the center of said finished roadway(s). The surface of the said pavement thence shall slope gradually to meet the surface of the finished pavement at the curb lines of said specified street(s).

On the sub-grade as formed and compacted shall be spread an insulation course of limestone screenings. Said insulation course shall be one (1) inch in thickness and shall extend across the full width of the roadbed.

On the insulation course as formed and compacted shall be spread a foundation course consisting of a layer of crushed limestone of the best quality, broken so as to pass through a ring of four (4) inches internal diameter and held on a ring of two (2) inches interial diameter. The stone spread shall be well graded as to sizes. It shall be evenly distributed so as to leave no pockets filled with the small size stone. This layer shall be thoroughly rolled with a self propelled three wheel roller, weighing not less than ten (10) tons. The rolling shall begin at the edge of the pavement and the roller shall move parallel with the center line of the roadway. The roller shall progress gradually towards the center of the roadway, uniformly lapping each preceding track, covering the entire surface with the rear wheels and continuing until the stone does not creep or move ahead of the roller. After the crushed limestone has been thoroughly rolled and keyed, limestone screenings shall be applied gradually over the surface and the rolling continued until sufficient screenings have been applied to completely fill the interstices.

The screenings shall be swept in with hand brooms to properly fill the voids. The spreading and rolling shall continue until no more screenings will go in dry. No excess of screenings shall be used before applying water. Immediately after the voids have been filled with screenings, the macadam shall be sprinkled until saturated, the sprinkler being followed by a roller. More screenings shall be added if necessary. The sprinkling, sweeping and rolling shall continue until a grout shall be formed of the screening and water that will fill all voids, and form a wave of grout before the wheels of the roller. The quantity of screenings and water necessary to fill the voids shall be determined by the engineer and shall be sufficient to produce a rough, granular surface. The rolling at all times, shall begin at the sides, and then progress toward the center, thoroughly covering the entire surface with the rear wheels. When compacted, this layer shall measure not less than five (5) inches in thickness.

Upon the finished waterbound macadam base there shall be uniformly applied by an approved type of spreader box, two (2) inch stone to a depth providing a total base course thickness of three (3) inches after final compaction. After shaping to grade and rolling with a ten (10) ton roller three quarter (¾) inch stone chips shall be broadcast and broomed into the surface voids at the rate of fifteen (15) pounds per square yard. Liquid asphalt at a temperature of 140°F. shall be uniformly applied by a pressure distributor at a rate of one and one-half (1½) per gallons per square yard. Stone chips shall again be broadcast and broomed uniformly over the surface at the rate of fifteen (15) pounds per square yard. Liquid asphalt shall be uniformly applied by a pressure distributor at the

rate of one-half (½) gallon per square yard. Stone chips shall be broadcast again at the rate of ten (10) pounds per square yard. The surface shall then be thoroughly rolled. The asphalt shall conform to the State Specification for Emulsified Asphalt R.S. 1 and R.S. 2, Page 640 of Illinois Standard Specifications for Road and Bridge Construction adopted January 2, 1962.

On the said foundation course shall be placed an asphaltic concrete surface course two (2) inches in thickness consisting of an asphaltic concrete mixture conforming to the standard requirements of the Illinois State Division of Highways for Type 1-11 Asphaltic Concrete adopted January 2, 1952, as follows: the Asphaltic mix shall consist of a mineral aggregate bonded with the asphaltic cement. The mineral aggregate shall consist of the best quality of crushed gravel or crushed stone in sizes graduated in accordance with the following table, viz:

Asphaltic Concrete Surface Courses, Fine Dense Graded Aggregate Type

Passing ½ inch sieve	95-100%
Passing ½ inch, retained on No. 4 sieve	45- 65%
Passing No. 4 retained on No. 10 sieve	10- 30%
Passing No. 10 retained on No. 40 sieve	5- 18%
Passing No. 40 retained on No. 50 sieve	7- 22%
Passing No. 80 retained on No. 200 sieve	5- 13%
Passing No. 200 sieve	4- 8%
Bitumen	5- 7%

(Table 45. 11p. 247 State Specifications)

The asphaltic cement shall conform with the standard requirements of the Illinois State Division of Highways for Grade P.A. 6, Paving Asphalt, adopted January 2, 1952. It shall have a flash point (Cleveland open cup) 500 plus Fahrenheit. It shall have penetration at seventy-seven (77) degrees Fahrenheit of seventy-five (75) to eighty-five (85), and at least ninety-nine and five-tenths (99.5) per cent of bitumen shall be soluble in carbon disulphide.

When fifty (50) grams of said paving asphalt is heated in an uncovered tin box five and one-half (5½) centimeters in diameter and three and one-half (3½) centimeters in depth, and is held at a temperature of three hundred and twenty-five (325) degrees Fahrenheit for five (5) hours, then it shall have lost not over two (2) per cent by weight and the penetration of the residue thus obtained shall not be less than seventy (70) per cent of the penetration before such heating, said penetration being determined as herein described. Said paving asphalt shall have a ductility of not less than one hundred (100) centimeters being determined by elongating a briquette Dow form of said paving asphalt at uniform rate of five (5) centimeters per minute at a temperature of seventy-seven (77) degrees Fahrenheit.

The paving asphalt and mineral aggregate shall be mixed when heated between three hundred (300) and three hundred fifty (350) degrees Fahrenheit in an approved mixer to produce a homogenous mixture in which all particles of aggregate are coated uniformly. The heated mixture shall be delivered to the pavement in trucks with approved clean tight dump bodies. The temperature when delivered at the street shall be between two hundred fifty (250) and three hundred fifty (350) degrees Fahrenheit. Upon arrival the asphaltic mixture shall be spread upon the prepared base at a uniform depth and consistency so that the thickness when compacted as herein described will be two (2) inches. Immediately after the asphalt surface course shall be spread it shall be connected thoroughly and uniformly with a three (3) wheel roller or a tandem roller. The asphalt paving mix shall be dumped first upon approved steel dump pans outside of the area on which it is to be spread. Immediately thereafter it shall be distributed into place with shovels and spread with rakes in layers of uniform density and correct depth, unless a spreading machine is used. If a spreading machine is used it shall be of a type approved by the Board of Local Improvements. Immediately after the surface course mixture is placed it shall be compacted thoroughly and uniformly with a three-wheel roller or a tandem roller. One (1) or more three-wheel rollers and one (1) or more tandem rollers will be required. The actual number of such rollers to be determined by the Engineer in accordance with the progress of the work. If the production of the asphalt plant delivered to the pavement exceeds seventy-five (75) tons per hour additional rollers shall be furnished as directed by said Engineer. After a final rolling the asphalt surface course shall at all points have a density of not less than ninety-five (95) per cent of the maximum possible density of a voidless pavement composed of the same materials in like proportions.

Concrete crosswalks shall be built at intersection only. Concrete crosswalks shall be built according to the Standard City Code of the City of Chicago.

The concrete shall conform to Class X Concrete (as described in this ordinance for curbs and gutters).

All existing catchbasins which are to be abandoned are located at the intersections of streets. Where existing catchbasins are to be abandoned the outlet pipe connection from the catchbasin to the sewer shall be plugged and properly sealed and the corbel courses broken down and the catchbasin cleaned and filled with suitable material.

Additional masonry where necessary.

Said work is to be done in a workmanlike manner under the superintendence of the Board of Local Improvements of the said City of Chicago.

Section 2. That the recommendation of the Board of Local Improvements of the City of Chicago, providing for said improvement, together with the estimate of the cost hereof, including the lawful expenses attending the same, made by the engineer of said Board both hereto attached, be and the same are hereby approved.

Section 4. That the aggregate amount herein ordered to be assessed against the property, and

also the assessment on each lot and parcel of land therein assessed shall be divided into five (5) installments in the manner provided by the statute in such cases made and provided, and each of said installments shall bear interest at the rate of five (5) per centum per annum according to law until paid.

Section 5. The above elevations as fixed shall be measured from Chicago City datum as established by the City Council of the City of Chicago.

The roadway(s) of the several street(s) heretofore specified between the points herein described, also the roadway(s) of all intersecting alley(s) extended from the curb line to the street line on each side of said specified street(s) between the points herein described shall be so graded by cutting for filling and compacted by rolling with a roller of ten (10) tons weight that after the grading of the roadbed(s) is completed and the pavement herein described placed thereon, the surface of the finished pavement at the center of the roadway of each of said specified street(s) shall be at the elevation of the top of the curbing herein described; and the surface of the said finished pavement at the summits in the gutters between catchbasins and adjoining the roadway face of the curbing shall be three (3) inches below the top of said curbing, and at the catchbasin inlets in the gutters adjoining the roadway face of the curbing shall be nine (9) inches below the top of said curbing. The slope of the gutters adjoining the roadway face of said curbing shall be uniform from the summits to the catchbasin inlets.

A transverse section of the surface of the finished pavement and gutters shall be an arc of a circle passing through the said gutter elevations and the elevation of the center of said finished roadway at every part of the roadway of each of said specified street(s) between the points herein described.

In all intersecting alley(s) herein specified at the street line(s) of said specified street(s) the surface of the finished pavement adjoining the curbing shall be even with the top of the curbing, and the surface of the finished pavement at the center of the roadway(s) of said alley(s) shall be three (3) inches below the top of the curbing; and a transverse section of the surface of the finished pavement at the street line(s) of said specified street(s) shall be an arc of a circle passing through the surface of the pavement adjoining said curbing and the surface of the pavement at the center of said finished roadway(s). The surface of the said pavement thence shall slope gradually to meet the surface of the finished pavement at the curb lines of said specified street(s).

On the sub-grade as formed and compacted shall be spread an insulation course of limestone screenings. Said insulation course shall be one (1) inch in thickness and shall extend across the full width of the roadbed.

On the insulation course as formed and compacted shall be spread a foundation course consisting of a layer of crushed limestone of the best quality, broken so as to pass through a ring of four (4) inches internal diameter and held on a ring of two (2) inches internal diameter. The stone spread shall be well graded as to sizes. It shall be evenly distributed so as to leave no pockets filled with the small size stone. This layer shall be thoroughly rolled with a self propelled three wheel roller, weighing not less than ten (10) tons. The rolling shall begin at the edge of the pavement and the roller shall move parallel with the center line of the roadway. The roller shall progress gradually towards the center of the roadway, uniformly lapping each preceding track, covering the entire surface with the rear wheels and continuing until the stone does not creep or move ahead of the roller. After the crushed limestone has been thoroughly rolled and keyed, limestone screenings shall be applied gradually over the surface and the rolling continued until sufficient screenings have been applied to completely fill the interstices.

The screenings shall be swept in with hand brooms to properly fill the voids. The spreading and rolling shall continue until no more screenings will go in dry. No excess of screenings shall be used before applying water. Immediately after the voids have been filled with screenings, the macadam shall be sprinkled until saturated, the sprinkler being followed by a roller. More screenings shall be added if necessary. The sprinkling, sweeping and rolling shall continue until a grout shall be formed of the screening and water that will fill all voids, and form

a wave of grout before the wheels of the roller. The quantity of screenings and water necessary to fill the voids shall be determined by the engineer and shall be sufficient to produce a rough, granular surface. The rolling, at all times, shall begin at the sides, and then progress toward the center, thoroughly covering the entire surface with the rear wheels. When compacted, this layer shall measure not less than five (5) inches in thickness.

Upon the finished waterbound macadam base there shall be uniformly applied by an approved type of spreader box, two (2) inch stone to a depth providing a total base course thickness of three (3) inches after final compaction. After shaping to grade and rolling with a ten (10) ton roller three quarter (¾) inch stone chips shall be broadcast and broomed into the surface voids at the rate of fifteen (15) pounds per square yard. Liquid asphalt at a temperature of 140°F. shall be uniformly applied by a pressure distributor at a rate of one and one-half (1½) per gallons per square yard. Stone chips shall again be broadcast and broomed uniformly over the surface at the rate of fifteen (15) pounds per square yard. Liquid asphalt shall be uniformly applied by a pressure distributor at the rate of one-half (½) gallon per square yard. Stone chips shall be broadcast again at the rate of ten (10) pounds per square yard. The surface shall then be thoroughly rolled. The asphalt shall conform to the State Specification for Emulsified Asphalt R.S. 1 and R.S. 2, Page 640 of Illinois Standard Specifications for Road and Bridge Construction adopted January 2, 1952.

On the said foundation course shall be placed an asphaltic concrete surface course two (2) inches in thickness consisting of an asphaltic concrete mixture conforming to the standard requirements of the Illinois State Division of Highways for Type 1-11 Asphaltic Concrete adopted January 2, 1952, as follows: the Asphaltic mix shall consist of a mineral aggregate bonded with the asphaltic cement. The mineral aggregate shall consist of the best quality of crushed gravel or crushed stone in sizes graduated in accordance with the following table, viz:

Asphaltic Concrete Surface Courses, Fine Dense Graded Aggregate Type.

Passing ½ inch sieve	95-100%
Passing ½ inch, retained on No. 4 sieve	45- 65%
Passing No. 4 retained on No. 10 sieve	10- 30%
Passing No. 10 retained on No. 40 sieve	5- 18%
Passing No. 40 retained on No. 50 sieve	7- 22%
Passing No. 80 retained on No. 200 sieve	5- 13%
Passing No. 200 sieve	4- 8%
Bitumen	5- 7%

(Table 45. llp. 247 State Specifications)

The asphaltic cement shall conform with the standard requirements of the Illinois State Division of Highways for Grade P.A. 6, Paving Asphalt, adopted January 2, 1952. It shall have a flash point (Cleveland open cup) 500 plus Fahrenheit. It shall have penetration at seventy-seven (77) degrees Fahrenheit of seventy-five (75) to eighty-five (85), and at least ninety-nine and five-tenths (99.5) per cent of bitumen shall be soluble in carbon disulphide.

When fifty (50) grams of said paving asphalt is heated in an uncovered tin box five and one-half (5½) centimeters in diameter and three and one-half (3½) centimeters in depth, and is held at a temperature of three hundred and twenty-five (325) degrees Fahrenheit for five (5) hours, then it shall have lost not over two (2) per cent by weight and the penetration of the residue thus obtained shall not be less than seventy (70) per cent of the penetration before such heating, said penetration being determined as herein described. Said paving asphalt have a ductility of not less than one hundred (100) centimeters being determined by elongating a briquette Dow form of said paving asphalt at uniform rate of five (5) centimeters per minute at a temperature of seventy-seven (77) degree Fahrenheit.

The paving asphalt and mineral aggregate shall be mixed when heated between three hundred (300) and three hundred fifty (350) degrees Fahrenheit in an approved mixer to produce a homogenous mixture in which all particles of aggregate are coated uniformly. The heated mixture shall be delivered to the pavement in trucks with approved clean tight dump bodies. The temperature when delivered at the street shall be between two hundred fifty (250) and three hundred fifty (350) degrees Fahrenheit. Upon arrival the asphaltic mixture shall be spread upon the prepared base at a uniform depth and consistency so that the thickness when compacted as herein described will be two (2) inches. Immediately after the asphalt surface course shall be spread it shall be connected thoroughly and uniformly with a three (3) wheel roller or a tandem roller. The asphalt paving mix shall be dumped first upon approved steel dump pans outside of the area on which it is to be spread. Immediately thereafter it shall be distributed into place with shovels and spread with rakes in layers of uniform density and correct depth, unless a spreading machine is used. If a spreading machine is used it shall be of a type approved by the Board of Local Improvements. Immediately after the surface course mixture is placed it shall be compacted thoroughly and uniformly with a three-wheel roller or a tandem roller. One (1) or more three-wheel rollers and one (1) or more tandem rollers will be required. The actual number of such rollers to be determined by the Engineer in accordance with the progress of the work. If the production of the asphalt plant delivered to the pavement exceeds seventy-five (75) tons per hour additional rollers shall be furnished as directed by said Engineer. After a final rolling the asphalt surface course shall at all points have a density of not less than ninety-five (95) per cent of the maximum possible density of a voidless pavement composed of the same materials in like proportions.

Concrete crosswalks shall be built at intersection only. Concrete crosswalks shall be built according to the Standard City Code of the City of Chicago.

The concrete shall conform to Class X Concrete (as described in this ordinance for curbs and gutters).

All existing catchbasins which are to be abandoned are located at the intersections of streets. Where existing catchbasins are to be abandoned the outlet pipe connection from the catchbasin to the sewer shall be plugged and properly sealed and the corbel courses broken down and the catchbasin cleaned and filled with suitable material.

Additional masonry where necessary.

Pavement removal and restoration where necessary.

Said work is to be done in a workmanlike manner under the superintendence of the Board of Local Improvements of the said City of Chicago.

Section 2. That the recommendation of the Board of Local Improvements of the City of Chi-

cago, providing for said improvement, together with the estimate of the cost hereof, including the lawful expenses attending the same, made by the engineer of said Board both hereto attached, be and the same are hereby approved.

Section 4. That the aggregate amount herein ordered to be assessed against the property, and also the assessment on each lot and parcel of land therein assessed shall be divided into five (5) installments in the manner provided by the statute in such cases made and provided, and each of said installments shall bear interest at the rate of five (5) per centum per annum according to law until paid.

Section 5. That for the purpose of anticipating the collection of the second and succeeding installments of said assessment for said improvement (excepting such part, if any, that is chargeable to the City of Chicago for public benefits to public lands), bonds shall be issued payable out of said installments bearing interest at the rate of five (5) per centum per annum, payable annually, and signed by the Mayor and by the President of the Board of Local Improvements, countersigned by the City Comptroller and attested by the City Clerk under the corporate seal of the City of Chicago. Said bonds shall be issued in accordance with and shall in all respects conform to the provision of the Act of the General Assembly of the State of Illinois, entitled "An Act Concerning Local Improvements", approved June 14th, A. D. 1897, and the amendments thereto.

Section 6. That the Corporation Counsel be and he is hereby directed to file a petition in the Circuit, Superior or County Court of Cook County, Illinois, in the name of the City of Chicago, praying that steps may be taken to levy a special assessment for said improvement in accordance with the provisions of this ordinance and in the manner prescribed by law.

Section 7. That all ordinances, or parts of ordinances, conflicting with this ordinance be and the same are hereby repealed.

Section 8. This ordinance shall be in force from and after its passage.

6. The Municipality hereby designates the Department, as its Agent, and the Department hereby accepts said designation to act as Agent for the Municipality.

4. Plans, specifications and estimates for said project have been prepared by or at the instance of the Municipality.
5. The Municipality will provide adequate, capable and qualified Illinois licensed resident project engineer(s) and materials testing technician(s) and will further prepare and transmit such project reports as shall be required by the Federal Aviation Agency, or the Department, including semi-final and a final inspection report on the project work (or, if more than one construction contract is involved, then on each phase of the project work which is covered by separate contract) to the Department; and in conjunction with such final inspection report or reports shall certify to the Department that the work involved has been fully completed in accordance with the plans, specifications and contract, as the same shall have been modified or supplemented by change order, supplementary contract or otherwise, and that such work is accepted.

6. The Municipality hereby designates the Department as its Agent, and the Department hereby accepts said designation to act as Agent for the Municipality:
   (a) To exercise such direction of the project work as its personnel will permit, but limited to a determination that the project is being completed in accordance with plans and specifications, provided that neither the Department nor the State shall be held responsible or be chargeable for any damage resulting from performance or attempted performance of said project work or for any other cause or reason.
   (b) To accept, endorse and deliver to the Municipality without recourse, all warrants issued by the United States in aid of said project pursuant to this agreement.
7. All State funds granted for said project shall be deemed to be trust funds, and shall be applied by the Municipality for the purpose for which they were granted by the Department. The Municipality shall have the right to draw checks against said account, or make withdrawals therefrom, and the bank or banks in which said funds are deposited shall be under no obligation to see to the application of said funds. The Department shall be furnished with copies of the vouchers authorizing withdrawals of funds from said account.

   (c) When satisfied that it is lawful and proper for the requested funds to be provided, the Department will prepare, execute and deliver to the appropriate State department agency or official all necessary vouchers or documents required to induce the action thereof in providing such funds. The Department may, if it so desires, supply the Municipality with the forms of vouchers or documents aforesaid and require the Municipality to fill in and prepare said forms for the Department's execution.
10. The Municipality agrees to comply at all times with the conditions prescribed in said Section 34 with respect to which the Municipality is required to satisfy the Department under the terms thereof.
11. The Airport shall be used, operated and maintained at all times by the Municipality for the use and benefit of the general public without unjust discrimination, in accordance with all applicable Federal and State laws and the rules and regulations prescribed thereunder and in accordance with the covenants and assurances of the Municipality made with and to the United States.
12. The Municipality shall file with the Department such reports concerning the matters covered by this agreement, including the use, operation and maintenance of the Airport, as the Department may require from time to time.

Fifth: This license and the privilege it confers may be revoked and terminated at the option of either the Railroad Company or the Licensee at any time by giving sixty (60) days written notice to the other party, or by posting such notice in a conspicuous place where the Work has been constructed; and upon the expiration of said sixty (60) days after service of said notice, this license and the privilege hereby granted, shall be absolutely terminated and extinguished; and thereupon the Licensee shall remove the Work from the premises of the Railroad Company and restore same to their former condition at the expense of the Licensee, or on the failure of the Licensee so to do, the Railroad Company may remove the Work at the expense of the Licensee, which expense said Licensee hereby covenants and expressly agrees to pay on demand.

Neither party hereto shall be relieved by the termination of this agreement of any obligation which shall have accrued thereunder prior to such termination.

Eighth: It is agreed by and between the parties hereto, that if at any time during the continuance of this license, the Licensee removes, abandons or discontinues the use of the Work this license and all rights hereby conferred upon the Licensee shall be deemed to be abrogated and terminated as of the date of such removal, abandonment or discontinuance, without further action on the part of either party; and the Licensee covenants and agrees that, in case the Work hereinabove referred to is at any time during the continuance of this license discontinued or abandoned, the Licensee shall within sixty (60) days after the abandonment or discontinuance of the Work, remove the Work from the premises of the Railroad Company, or cause it to be removed, and if after the expiration of said sixty (60) days the Work is not removed, it is understood that the Railroad Company may forthwith remove the same at the risk and expense of the Licensee and without being in any manner liable to the Licensee for such removal, and the Licensee covenants and agrees to pay to the Railroad Company the cost of such removal upon the bill therefor rendered to the Licensee.

COMMITTEE ON LOCAL TRANSPORTATION.

Placed on File—ANNUAL REPORT OF COMMITTEE ON LOCAL TRANSPORTATION.

The Chairman of the Committee on Local Transportation submitted the following communication, which was, together with the committee's annual report transmitted therewith, *Placed on File:*

Honorable Richard J. Daley, Mayor
and Members of the City Council
City of Chicago
Gentlemen:

The Committee on Local Transportation herewith submits its annual report of activities in the field of mass transportation for the year 1962.

During the year the Committee and its Engineering Staff were interested principally in service rendered by local transportation agencies and in preparation of proposed ordinances granting franchise rights to public carriers, i.e.:—Bus Lines, Rapid Transit Lines, Suburban Railroads, Taxicabs, etc.

The Staff is continuously checking the lines and facilities of the various public carriers to determine if the service rendered is adequate to meet passenger traffic demand.

In some instances the railroads claim they are encountering financial difficulties in maintaining suburban service and are petitioning for relief through the closing of some stations, reduction in schedules and services.

When these petitions are filed with the Illinois Commerce Commission or the Interstate Commerce Commission it is the function of the Committee and its Staff to make investigations, surveys and analyses so as to verify the validity of these petitions in the public interest.

Among others, one of the most important of these petitions was that of the Illinois Central Railroad for permission to close a number of suburban line stations and changes of schedules; the Staff Engineer and the City Corporation Counsel opposed the petition, and, while this action was not concluded at this year's end we are confident that, as a result of our extensive surveys, investigations and meetings we can show that there is sufficient patronage to warrant retention of some of these stations.

The Committee Staff investigated all sites at which the Chicago Transit Authority proposed new terminal or sub-terminal facilities to insure that their installation would not conflict with neighborhood interests.

In the matter of suburban bus operation of spe-

cial service transportation, the Staff Engineer, with the Corporation Counsel has been in attendance at all hearings before the Illinois Commerce Commission in cases where operation over city streets was involved.

In the taxicab transportation field the Committee makes numerous investigations and recommendations for proposed ordinances governing taxicab operation throughout the City. In April 1962, the Committee after a thorough study of all facets of taxicab operation recommended amendments to the present taxicab ordinance including among otner changes a revision of the fare structure; but these recommendations were not acted upon by the City Council this year.

In connection with these activities we are indebted to various other city departments and civic organizations, and we sincerely appreciate their splendid cooperation.

In conclusion, I wish to express my thanks to the members of the Staff of the Committee for their efforts in behalf of the Committee and the riding public.

Respectfully submitted,

(Signed) PAUL M. SHERIDAN,

Chairman, Committee on Local Transportation.

Also communications from the Corporation Counsel informing the City Council as to court decisions in the cases noted, which were *Placed on File,* as follows:

International Harvester Co., et al., Plaintiffs-Appellants vs. Zoning Board of Appeals, etc., Kedzie Iron and Metal Co., et al., Defendants-Appellees, Appellate Court No. 48759—On September 18, 1963 the Appellate Court of Illinois, 1st District, reversed the judgment of the Trial Court in the above entitled case thereby again holding that it is necessary for the Zoning Board of Appeals to make specific findings of fact in granting a special use. (Kedzie Iron and Metal Company had sought a special use to operate a junk yard in an area zoned for manufacturing use. In approving the special use, the Board of Appeals did not make specific findings of fact but merely employed the ordinance language that the proposed use was necessary for the public convenience at the location concerned. In reversing the judgment the Appellate Court reaffirmed its position to the effect that the Board should make findings of fact as a basis for a special use.)

Arthur Johnson, Plaintiff-Appellant vs. Daniel Jackson, et al., Defendants-Appellees, Appellate Court No. 48884—On September 17, 1963 the Appellate Court of Illinois, 1st District, affirmed the verdict of the jury in the above entitled case, thereby relieving the defendant Police Officers of any responsibility for injuries sustained by Plaintiff. If the Officers had been held responsible, in all probability the City would have had to indemnify them against any judgment entered on the verdict of a jury. By the Amended Complaint $250,000 had been sought.

EXHIBIT "B"

Requisition Agreement No. 4 (Herein Called "Requisition Agreement") Relating to the Time of a Certain Project Temporary Loan Payment to be Made by the United States of America to the City of Chicago which Payment will be Evidenced By Project Temporary Loan Notes Nos. 5 & 6.

WHEREAS, the Chicago Land Clearance Commission entered into a contract dated as of the 22nd day of May, 1958, and numbered Contract No. Ill. R-10(LG) (which, together with any supplements thereto or amendments, modifications or waivers of any provisions thereof, is herein called the "Loan Contract"), with the United States of America (herein called the "Government") acting by and through the Housing and Home Finance Administrator, providing for a Project Temporary Loan by the Government to the Chicago Land Clearance Commission, under Title I of the Housing Act of 1949, as amended, in an amount outstanding at any one time not to exceed $7,870,839.00 to aid the Chicago Land Clearance Commission in the undertaking and carrying out of a certain urban renewal project (herein called the "Project") designated Project Ill. R-10; and

WHEREAS, all the rights, duties, obligations, powers and liabilities of the Chicago Land Clearance Commission under said Contract were assigned and transferred to the City of Chicago, a body corporate and politic duly organized and existing under the laws of the State of Illinois (herein sometimes called the "City"), pursuant to an Agreement of Novation by and among the City of Chicago, the Chicago Land Clearance Commission and the United States of America, and dated June 30, 1962; and

WHEREAS, in accordance with the Loan Contract, the City has filed with the Government and the Government has approved a requisition (herein called the "Requisition") together with necessary supporting documents for a Project Temporary Loan payment thereunder in the amount of $1,787,000 (said payment in said amount being hereinafter called the "Requisition Payment"), and the Government is obligated to make the Requisitioned Payment as hereinafter provided; and

WHEREAS, the City is able to obtain a short-term loan from sources other than the Government in the amount of $1,755,000.00 at an interest cost less than the interest required to be paid under the Loan Contract on Project Temporary Loan funds which are made available by the Government, and thereby reduce carrying charges and other Project costs, and the City has determined to obtain such short-term loan from sources other than the Government (1) in order to refund or retire the Project Temporary Loan Note or Notes of the City, if any, held by the Government for its own use and benefit on the date of the Preliminary Loan Notes hereinafter described (which Project Temporary Loan Note or Notes so held are herein called "Old Project Temporary Loan Notes"); and (2) in anticipation of the Requisitioned Payment which the Government has become obligated to make by reason of the approval of the Requisition; and

WHEREAS, pursuant to said determination, the City on the 27th day of September, 1963, duly adopted an Ordinance entitled "Authorizing the Sale, Issuance and Delivery of Preliminary Loan Notes in the Aggregate Principal amount of $1,755,000.00, the Execution of Requisition Agreement No. 4, and the Execution and Delivery of Project Temporary Loan Notes Nos. 5 and 6, in connection with Project No. Ill. R-10" authorizing among other things the sale, issuance, and delivery of its Preliminary Loan Notes (Fourth Series E) herein called the "Preliminary Loan Notes"; and

WHEREAS, the Government desires to cooperate with the City in its efforts to reduce the aforementioned costs, and desires to encourage participation of private capital in the cost of the Project; and

WHEREAS, the City has authorized and deposited with the Government its Project Temporary Loan Notes Nos. 5 and 6 (herein called the "Escrow Project Temporary Loan Notes") payable to the United States of America or order in the principal amount of the Requisitioned Payment, together with all necessary collateral documents, with directions to take delivery thereof upon compliance by the Government with the provisions of Paragraph 2 hereof; and the Government has approved the form and execution of the Escrow Project Temporary Loan Note and collateral documents, and has approved all of the proceedings authorizing the issuance of said Escrow Project Temporary Loan Note and the legality thereof when paid for in accordance with the terms of this agreement, and has accepted deposit of said Escrow Project Temporary Loan Note pending its payment therefor as aforesaid:

Now, Therefore, This Agreement Witnesseth, That, in consideration of the terms and covenants herein contained, the parties hereto agree as follows:

To Paying Agent for Preliminary Loan Notes Nos. 1 to 23, inclusive, Fourth Series E, $1,772,471.03; said Paying Agent being the Harris Trust and Savings Bank, 111 West Monroe Street, Chicago, Illinois.

Provided, That the Government, at its option, may make the Requisitioned Payment in an amount equal to the difference between the aggregate of the principal of the Preliminary Loan Notes and the Interest thereon to maturity and funds deposited by or on behalf of the City with the Paying Agent for the purposes of paying principal of or interest on the Preliminary Loan Notes. In the event of the exercises of such option by the Government, the principal amount of the Escrow Project Temporary Loan Note shall by operation of law and this Requisition Agreement automatically be reduced to the amount of the part

3. The City agrees that, so long as any of the Preliminary Loan Notes are outstanding and unpaid, it will not repeal, amend, or modify the proceedings authorizing the execution and delivery of the Escrow Project Temporary Loan Note in such manner, or take any other action, as might affect or impair the validity of said Escrow Project Temporary Loan Note and that it will not revoke its instructions authorizing the Government to make payment therefor in accordance with Paragraph 2 hereof or its consent to the provisions of Paragraph 7 hereof.

Under section 102(c) of the Act, this Agreement shall be construed separate and apart from the loan contract referred to in the within Note and shall be incontestable in the hands of a bearer.

In Witness Whereof, this Agreement has been executed on behalf of the United States by the duly authorized facsimile signature of the Housing and Home Finance Administrator, as of the Date of Issue of the within Note.

EXHIBIT "B"

Requisition Agreement No. 1 (herein called "Requisition Agreement") relating to the time of a certain Project Temporary Loan Payment to be made by the United States of America to the City of Chicago which payment will be evidenced by Project Temporary Loan Note No. 1.

Whereas, the Chicago Land Clearance Commission entered into a contract dated as of the 12th day

of April, 1962, and numbered Contract No. Ill. R-51(LG) (which, together with any supplements thereto or amendments, modifications or waivers of any provisions thereof, is herein called the "Loan Contract"), with the United States of America (herein called the "Government") acting by and through the Housing and Home Finance Administrator, providing for a Project Temporary Loan by the Government to the Chicago Land Clearance Commission, under Title I of the Housing Act of 1949, as amended, in an amount outstanding at any one time not to exceed $11,063,183.00 to aid the Chicago Land Clearance Commission in the undertaking and carrying out of a certain urban renewal project (herein called the "Project") designated Project No. Ill. R-51; and

Whereas, all the rights, duties, obligations, powers and liabilities of the Chicago Land Clearance Commission under said Contract were assigned and transferred to the City of Chicago, a body corporate and politic duly organized and existing under the laws of the State of Illinois (herein sometimes called the "City"), pursuant to an Agreement of Novation by and among the City of Chicago, the Chicago Land Clearance Commission and the United States of America, and dated June 30, 1962; and

Whereas, in accordance with the Loan Contract, the City has filed with the Government and the Government has approved a requisition (herein called the "Requisition") together with necessary supporting documents for a Project Temporary Loan payment thereunder in the amount of $5,380,000 (said payment in said amount being hereinafter called the "Requisition Payment"), and the Government is obligated to make the Requisitioned Payment as hereinafter provided; and

Whereas, the City is able to obtain a short-term loan from sources other than the Government in the amount of $5,275,000.00 at an interest cost less than the interest required to be paid under the Loan Contract on Project Temporary Loan funds which are made available by the Government, and thereby reduce carrying charges and other Project costs, and the City has determined to obtain such short-term loan from sources other than the Government (1) in order to refund or retire the Project Temporary Loan Note or Notes of the City, if any, held by the Government for its own use and benefit on the date of the Preliminary Loan Notes hereinafter described (which Project Temporary Loan Note or Notes so held are herein called "Old Project Temporary Loan Notes"); and (2) in anticipation of the Requisitioned Payment which the Government has become obligated to make by reason of the approval of the Requisition; and

Whereas, pursuant to said determination, the City on the 27th day of September, 1963 duly adopted an Ordinance entitled "Authorizing the Sale, Issuance and Delivery of Preliminary Loan Notes in the Aggregate Principal amount of $5,275,000, the Execution of Requisition Agreement No. 1, and the Execution and Delivery of Project Temporary Loan No. 1, in connection with Project No. Ill. R-51" authorizing among other things the sale, issuance, and delivery of its Preliminary Loan Notes (First Series O) herein called the "Preliminary Loan Notes"; and

Whereas, the Government desires to cooperate with the City in its efforts to reduce the aforementioned costs, and desires to encourage participation of private capital in the cost of the Project; and

Whereas, the City has authorized and deposited with the Government its Project Temporary Loan Note No. 1 (herein called the "Escrow Project Temporary Loan Note") payable to the United States of America or order in the principal amount of the Requisitioned Payment, together with all necessary collateral documents, with directions to take delivery thereof upon compliance by the Government with the provisions of Paragraph 2 hereof; and the Government has approved the form and execution of the Escrow Project Temporary Loan Note and collateral documents, and has approved all of the proceedings authorizing the issuance of said Escrow Project Temporary Loan Note and the legality thereof when paid for in accordance with the terms of this agreement, and has accepted deposit of said Escrow Project Temporary Loan Note pending its payment therefor as aforesaid:

Now, Therefore, This Agreement Witnesseth, That, in consideration of the terms and covenants herein contained, the parties hereto agree as follows:

1. The City of Chicago agrees that simultaneously with the payment for said Preliminary Loan Notes by the purchaser or purchasers thereof (and using the proceeds of said Preliminary Loan Notes, and other appropriate funds of the City to the extent necessary therefor) it will pay or cause to be paid to the Government an amount equal to the aggregate principal amount of the Old Project Temporary Loan Notes, if any, of the City held by the Government for its own use and benefit on the date of the Preliminary Loan Notes, plus accrued interest thereon to the date of payment; and the Government agrees that simultaneously with said payment to the Government it will cause the Old Project Temporary Loan Notes, if any, held by the Government for its own use and benefit on the date of the Preliminary Loan Notes, to be canceled and returned to the City.

2. The City hereby directs, and the Government agrees that without any further showing by the City of the necessity therefor, and irrespective of compliance by the City with the conditions of Paragraph I above, the Government will make payment of the Requisitioned Payment as follows, and in no other manner: Said Requisitioned Payment will be made on the 16th day of April, 1964 (or, if the Government desires and the City consents thereto, at any time prior to said date), in the amounts set forth below, to the paying agents named in the Preliminary Loan Notes for the account of the City, to be used to the extent necessary for the payment of the principal of and interest to maturity on said Preliminary Loan Notes:

To Paying Agent for Preliminary Loan Notes Nos. 1 to 10, inclusive, First Series O, $1,009,753.89; said Paying Agent being the Harris Trust and Savings Bank, 111 West Monroe Street, Chicago, Illinois;

To Paying Agent for Preliminary Loan Notes Nos. 11 to 157, inclusive, First Series O, $4,317,758.74; said Paying Agent being the Continental Illinois National Bank and Trust Company of Chicago, 231 South LaSalle Street, Chicago, Illinois; and

Provided, That the Government, at its option, may make the Requisitioned Payment in an amount equal to the difference between the aggregate of the principal of the Preliminary Loan Notes and the Interest thereon to maturity and funds deposited by or on behalf of the City with the Paying Agent for the purposes of paying principal of or interest on the Preliminary Loan Notes. In the event of the exercise of such option by the Government, the principal amount of the Escrow Project Temporary Loan Note shall

by operation of law and this Requisition Agreement automatically be reduced to the amount of the part payment made by the Government of the Requisitioned Payment, and a legend informative of the fact of such part payment and of the reduction of the principal amount of the Escrow Project Temporary Loan Note to an amount equal to the part payment shall be endorsed by the Government on the Escrow Project Temporary Loan Note.

Any balance of said funds not needed to pay the principal of and interest to maturity on the Preliminary Loan Notes shall be paid to the City and by it deposited in the appropriate fund or account described in the Loan Contract, to be used in accordance with the provisions of the Loan Contract.

3. The City agrees that, so long as any of the Preliminary Loan Notes are outstanding and unpaid, it will not repeal, amend, or modify the proceedings authorizing the execution and delivery of the Escrow Project Temporary Loan Note in such manner, or take any other action, as might affect or impair the validity of said Escrow Project Temporary Loan Note and that it will not revoke its instructions authorizing the Government to make payment therefor in accordance with Paragraph 2 hereof or its consent to the provisions of Paragraph 7 hereof.

4. The Government agrees that until such time as it shall have made payment for the Escrow Project Temporary Loan Note as set forth in Paragraph 2 hereof, it will hold said Escrow Project Temporary Loan Note and collateral documents for the account of the City. When the Government shall have made payment of the Requisitioned Payment in the manner above set forth, the Government shall hold said Escrow Project Temporary Loan Note for its own use and benefit as its own property. When and if the City shall deposit with each paying agent mentioned in Paragraph 2 hereof, out of moneys obtained by the City from sources other than the aforesaid Project Temporary Loan, a sum sufficient to pay the principal of and the interest to maturity on the Preliminary Loan Notes for which such agent is the paying agent, the Government will cancel and surrender to the City said Escrow Project Temporary Loan Note(s), and the obligation of the Government to make payment of the Requisitioned Payment shall be discharged.

5. The Government agrees that this Requisition Agreement is made with and for the benefit of, and may be assigned by the City to and for the benefit of, the holder or holders from time to time of the Preliminary Loan Notes and of interest claims appertaining thereto. The Government further agrees with such holder or holders that it will perform and observe the provisions on its part set forth in this Requisition Agreement.

Under section 102(c) of the Act, this Agreement shall be construed separate and apart from the loan contract referred to in the within Note and shall be incontestable in the hands of a bearer.

In Witness Whereof, this Agreement has been executed on behalf of the United States by the duly authorized facsimile signature of the Housing and Home Finance Administrator, as of the Date of Issue of the within Note.

EXHIBIT "B"

Requisition Agreement No. 1 (herein called "Requisition Agreement") Relating to the Time of a Certain Project Temporary Loan Payment to be made by the United States of America to the City of Chicago Which Payment Will Be Evidenced by Project Temporary Loan Note No. 1.

Whereas, the Chicago Land Clearance Commission entered into a contract dated as of the 12th day of April, 1962, and numbered Contract No. Ill R-52(LG) (which, together with any supplements thereto or amendments, modifications or waivers of any provisions thereof, is herein called the "Loan Contract"), with the United States of America (herein called the "Government") acting by and through the Housing and Home Finance Administrator, providing for a Project Temporary Loan by the Government to the Chicago Land Clearance Commission, under Title I of the Housing Act of 1949, as amended, in an amount outstanding at any one time not to exceed $14,135,737.00 to aid the Chicago Land Clearance Commission in the undertaking and carrying out of a certain urban renewal project (herein called the "Project") designated Project No. Ill. R-52; and

Whereas, all the rights, duties, obligations, powers and liabilities of the Chicago Land Clearance Commission under said Contract were assigned and transferred to the City of Chicago, a body corporate and politic duly organized and existing under the laws of the State of Illinois (herein sometimes called the "City"), pursuant to an Agreement of Novation by and among the City of Chicago, the Chicago Land Clearance Commission and the United States of America, and dated June 30, 1962; and

Whereas, in accordance with the Loan Contract, the City has filed with the Government and the Government has approved a requisition (herein called the "Requisition") together with necessary supporting documents for a Project Temporary Loan payment thereunder in the amount of $10,128,000 (said payment in said amount being hereinafter called the "Requisition Payment"), and the Government is obligated to make the Requisitioned Payment as hereinafter provided; and

Whereas, the City is able to obtain a short-term loan from sources other than the Government in the amount of $9,738,000.00 at an interest cost less than the interest required to be paid under the Loan Contract on Project Temporary Loan funds which are made available by the Government, and thereby reduce carrying charges and other Project costs, and the City has determined to obtain such short-term loan from sources other than the Government (1) in order to refund or retire the Project Temporary Loan Note or Notes of the City, if any, held by the Government for its own use and benefit on the date of the Preliminary Loan Notes hereinafter described (which Project Temporary Loan Note or Notes so held are herein called "Old Project Temporary Loan Notes"); and (2) in anticipation of the Requisitioned Payment which the Government has become obligated to make by reason of the approval of the Requisition; and

Whereas, pursuant to said determination, the City on the 27th day of September, 1963, duly adopted an Ordinance entitled "Authorizing the Sale, Issuance and Delivery of Preliminary Loan Notes in the Aggregate Principal amount of $9,738,000, the Execution of Requisition Agreement No. 1, and the Execution and Delivery of Project Temporary Loan No. 1, in connection with Project No. Ill. R-52" authorizing among other things the sale, issuance, and delivery of its Preliminary Loan Notes (First Series P) herein called the "Preliminary Loan Notes"; and

Whereas, the Government desires to cooperate with the City in its efforts to reduce the aforementioned costs, and desires to encourage participation of private capital in the cost of the Project; and

Whereas, the City has authorized and deposited with the Government its Project Temporary Loan Note No. 1 (herein called the "Escrow Project Temporary Loan Note") payable to the United States of America or order in the principal amount of the Requisitioned Payment, together with all necessary collateral documents, with directions to take delivery thereof upon compliance by the Government with the provisions of Paragraph 2 hereof; and the Government has approved the form and execution of the Escrow Project Temporary Loan Note and collateral documents, and has approved all of the proceedings authorizing the issuance of said Escrow Project Temporary Loan Note and the legality thereof when paid for in accordance with the terms of this agreement, and has accepted deposit of said Escrow Project Temporary Loan Note pending its payment therefor as aforesaid:

Now, Therefore, This Agreement Witnesseth:

That, in consideration of the terms and covenants herein contained, the parties hereto agree as follows:

1. The City of Chicago agrees that simultaneously with the payment for said Preliminary Loan Notes by the purchaser or purchasers thereof (and using the proceeds of said Preliminary Loan Notes, and other appropriate funds of the City to the extent necessary therefor) it will pay or cause to be paid to the Government an amount equal to the aggregate principal amount of the Old Project Temporary Loan Notes, if any, of the City held by the Government for its own use and benefit on the date of the Preliminary Loan Notes, plus accrued interest thereon to the date of payment; and the Government agrees that simultaneously with said payment to the Government it will cause the Old Project Temporary Loan Notes, if any, held by the Government for its own use and benefit on the date of the Preliminary Loan Notes, to be canceled and returned to the City.

2. The City hereby directs, and the Government agrees that without any further showing by the City of the necessity therefor, and irrespective of compliance by the City with the conditions of Paragraph I above, the Government will make payment of the Requisitioned Payment as follows, and in no other manner: Said Requisitioned Payment will be made on the 15th day of October, 1964 (or, if the Government desires and the City consents thereto, at any time prior to said date), in the amounts set forth below, to the paying agents named in the Preliminary Loan Notes for the account of the City, to be used to the extent necessary for the payment of the principal of and interest to maturity on said Preliminary Loan Notes:

To Paying Agent for Preliminary Loan Notes Nos. 1-10, inclusive, First Series P, $1,020,400.00; said Paying Agent being the Harris Trust and Savings Bank, 111 West Monroe Street, Chicago, Illinois;

To Paying Agent for Preliminary Loan Notes, Nos. 11 to 15, inclusive, First Series P, $5,103,-500.00; said Paying Agent being The First National Bank of Chicago, 38 South Dearborn Street, Chicago, Illinois; and

To Paying Agent for Preliminary Loan Notes Nos. 16 to 33, inclusive, First Series P, $3,816,-498.00; said Paying Agent being the Morgan Guaranty Trust Company of New York; 140 Broadway, New York, New York.

Provided, That the Government, at its option, may make the Requisitioned Payment in an amount equal to the difference between the aggregate of the principal of the Preliminary Loan Notes and the Interest thereon to maturity and funds deposited by or on behalf of the City with the Paying Agent for the purposes of paying principal of or interest on the Preliminary Loan Notes. In the event of the exercise of such option by the Government, the principal amount of the Escrow Project Temporary Loan Note shall by operation of law and this Requisition Agreement automatically be reduced to the amount of the part payment made by the Government of the Requisitioned Payment, and a legend informative of the fact of such part payment and of the reduction of the principal amount of the Escrow Project Temporary Loan Note to an amount equal to the part payment shall be endorsed by the Government on the Escrow Project Temporary Loan Note.

Any balance of said funds not needed to pay the principal of and interest to maturity on the Preliminary Loan Notes shall be paid to the City and by it deposited in the appropriate fund or account described in the Loan Contract, to be used in accordance with the provisions of the Loan Contract.

3. The City agrees that, so long as any of the Preliminary Loan Notes are outstanding and unpaid, it will not repeal, amend, or modify the proceedings authorizing the execution and delivery of the Escrow Project Temporary Loan Note in such manner, or take any other action, as might affect or impair the validity of said Escrow Project Temporary Loan Note and that it will not revoke its instructions authorizing the Government to make payment therefor in accordance wih Paragraph 2 hereof or its consent to the provisions of Paragraph 7 hereof.

4. The Government agrees that until such time as it shall have made payment for the Escrow Project Temporary Loan Note as set forth in Paragraph 2 hereof, it will hold said Escrow Project Temporary Loan Note and collateral documents for the account of the City. When the Government shall have made payment of the Requisitioned Payment in the manner above set forth, the Government shall hold said Escrow Project Temporary Loan Note for its own use and benefit as its own property. When and if the City shall deposit with each paying agent mentioned in Paragraph 2 hereof, out of moneys obtained by the City from sources other than the aforesaid Project Temporary Loan, a sum sufficient to pay the principal of and the interest to maturity on the Preliminary Loan Notes for which such agent is the paying agent, the Government will cancel and surrender to the City said Escrow Project Temporary Loan Note(s), and the obligation of the Government to make payment of the Requisitioned Payment shall be discharged.

5. The Government agrees that this Requisition Agreement is made with and for the benefit of, and may be assigned by the City to and for the benefit of, the holder or holders from time to time of the Preliminary Loan Notes and of interest claims appertaining thereto. The Government further agrees with such holder or holders that it will perform and observe the provisions on its part set forth in this Requisition Agreement.

6. The City certifies that, as of the date hereof, the following described Project Temporary Loan Note or Notes payable, on demand, to the United States of America or order, have been issued by it in connection with the Project and are now outstanding:

Designation and Note Numbers	*Principal Amount*	*Dated*	*Interest Rate*

The City further certifies that the obligations hereinbefore listed in this Paragraph 6 will be the only Project Temporary Loan Notes or Preliminary Loan Notes of the City which have been issued or heretofore been authorized to be issued in connection with the Project, exclusive of the Preliminary Loan Notes and the Escrow Project Temporary Loan Note, which are or will be outstanding or on deposit for delivery upon payment therefor on the date of such Preliminary Loan Notes. The City further certifies that the only Project Definitive Loan Obligations or Project Loan Payment Obligations, as those terms are defined in the Loan Contract, which have been issued and which are outstanding or will be outstanding on the date of the Preliminary Loan Notes are described as follows: None.

7. With the consent of the City, which is hereby granted, and notwithstanding the conditions of payment which exist as a matter of contract between the City and the Government, the Government hereby agrees as follows:

Court Decisions.

Also communications from the Corporation Counsel informing the City Council as to court decisions in the cases noted, which were *Placed on File,* as follows:

City of Chicago Appellee, vs. Vokes, et al., Appellants, Supreme Court Docket Nos. 37436-37441 (Cons.) The Supreme Court of Illinois on September 27, 1963 affirmed the judgments of the Trial Court in the above-entitled cause thereby upholding the validity of the Public Passenger Vehicle Ordinance (Section 28-5 of the Municipal Code of Chicago) which requires applicants for licenses to be residents of the City. (In affirming the judgments of the Trial Court the Superior Court held that the resident requirement was a reasonable one. The Court also rejected the defendants' contention that the ordinance was only applicable to taxicab owners and not to the drivers).

City of Chicago, Appellee, vs. Shell Oil Company, et al. (H. Elizabeth Galbreath, Appellant), Supreme Court Docket No. 37356. The Supreme Court of Illinois on September 27, 1963 affirmed the judgment of the Trial Court in the above-entitled cause for $8,000 in the condemnation proceedings involving the property at No. 5462 S. Ingleside Avenue. (The Court held that the removal of one cross beam from an otherwise derelict structure did not adversely influence the verdict of the jury).

Adolph & Vera Kaukas, Appellants, vs. City of Chicago, Appellee, Supreme Court of the United States No. 259. The Supreme Court of the United States on October 14, 1963 dismissed the appeal in the above-entitled case. (Such action confirms the decision of the Supreme Court of Illinois which

held valid Section 78-15.9 (b) of the Municipal Code of Chicago which prohibits the use of glass panels as a secondary means of exit. The Court's dismissal permits the City to enforce said section).

Hymen Miller et al., Appellants, vs. City of Chicago, Appellee, Supreme Court of the United States No. 260. The Supreme Court of the United States on October 14, 1963 dismissed the appeal in the above-entitled cause. (Such action confirms the decision of the Supreme Court of Illinois which held that the City has the power under Section 23-70.3 of the Revised Cities and Villages Act to compel a building owner to comply with the minimum standards of health and safety set forth in the City's ordinances).
